Work Experience

July 2021 – Present – Data Protection Manager – Govia Thameslink Railway Ltd

- Processing Subject Access Requests, applying redactions where necessary to comply with DP legislation.
- Maintaining the Privacy & Data Protection Policy and Standards.
- Maintaining the records of all data processing activities carried out by the company.
- Conducting Data Protection Impact Assessments and Legitimate Interest Assessments.
- Drafting data protection communications within the business.
- Creating and delivering data protection training across the business.
- Operating as the lead GDPR/Data Protection subject matter expert and acting as the go-to person for general data protection advice and guidance.
- Line managing one Privacy Analyst.

June 2019 – July 2021 - Senior Information Access Officer - City of London Police

- Day to day management of Data Subject Access Requests (DSARs), complaints and all other data protection requests received by the organisation.
- Supporting relevant stakeholders in the completion of Data Protection Impact Assessments (DPIAs) for new data-sharing projects and agreements.
- Maintaining the Records of Processing Activities (ROPA) to ensure compliance with record-keeping, transparency and accountability requirements under the GDPR.
- Providing data protection advice to members of staff within the organisation.
- Updating the organisation's intranet pages with the latest data protection policies and procedures.

- Supporting the the Data Protection Officer (DPO) with the implementation and maintenance of 'privacy by design and default' measures and deputising when required, including attending meetings with senior management and advising on any data protection and privacy queries raised by internal stakeholders within the organisation
- Acting as a point of contact for personal data breaches and the reporting of these to the Information Commissioner's Office (ICO).

August 2017 - June 2019 - Disclosure Officer at Directorate of Legal Services, Metropolitan Police Service

- Reviewing, analysing and evaluating information gathered from police systems in line with agreed procedures.
- Dealing with sensitive and complex disclosure requests for Police National Computer (PNC) records and crime reports and assessing whether information is relevant and suitable for disclosure to parties in court proceedings, in accordance with the relevant legislation, including the Data Protection Act.
- Liaising with applicants, including local authorities, private solicitors, litigants-in-person and family court Judges, providing advice on all aspects of their requests for disclosure of information.
- Managing key administrative aspects of each case, including drafting acknowledgement letters, conducting searches on police indices and database systems and logging and updating progress on the case management system.
- Applying relevant redactions to documents and police reports to hide sensitive third party information in line with the Data Protection Act.
- Working to strict court deadlines whilst managing a highly complex and dynamic caseload.

September 2013-July 2017 - Intelligence Caseworker at Metropolitan Police Service

- Conducting searches for information on applications received from the Disclosure and Barring Service.
- Assessing the relevancy of any intelligence found in relation to the possible disclosure of information to the Disclosure and Barring Service in line with service level agreements and the Data Protection Act.
- Ensuring that the disclosure rationale provided complies with relevant legislation and statutory guidance and is not vulnerable to any successful legal challenge.
- Managing and supervising a small team of caseworkers and training and mentoring new recruits.
