EXPERIENCE

Trust Data Manager

Bullers Wood MAT, Bromley, November 2015 - Present

Responsible for all performance data within the Multi Academy Trust, currently comprising of Bullers Wood School and Bullers Wood School for Boys

- Assessment, Recording and Reporting Manager – managing the Trust data team to schedule, collate and report on data from both schools in the Trust
- Ensuring the quality, consistency and accuracy of all data
- Post Exam Results Analysis
- Producing data dashboards for SLT, Local Governing Boards and Trustees and Members, in line with latest DfE performance table measures
- MIS Manager – maintain the MIS across both schools, training staff and setting up tools to record student details, conduct information and academic performance
- Timetable Developer – working with SLT to develop and write curriculum timetables across the Trust
- Data Protection Lead – main point of contact for staff and external contacts and agencies regarding all aspects of GDPR. Monitoring and maintaining compliance across the Trust

Business Support Supervisor

Debenhams, Bromley and Orpington, March 2012 – April 2016

Responsible for running the cash office and business support operations (retail)

- Banking and reconciliation, processing petty cash, investigating discrepancies, ordering change and handling collections and deliveries of cash
- Organising and administering stock takes
- Ensuring compliance with company policies and procedures
- Providing training and inductions for new starters
- Liaise with Head Office regarding HR queries, financial information and equipment faults
