

Visit report: BBY2_01_BarnhamBroom_DPE_Visit.05.09.19 **Time:** 09.30

Staff member: DPE: Stuart Lee. **School:** Heather Benson (HT), Sarah Hales (SBM)

As this was the first week back from the summer break an audit walk was not completed. The main purpose of the visit was to review actions from previous reports and to talk/walk through many of the new features on the DPE website and additional recommended documentation. Main details of discussions are listed below.

Item	DPE website	Follow on actions/comments
1	Visit report(s)	Continue to walk through outstanding actions and audit walk findings. Suggested the school use the new term as an opportunity to encourage staff to check work areas, folders and storage for outdated information that can now be securely destroyed. Other than the server being secured, all other actions from previous walks have been completed.
2	DPE website and best practice areas	DPE compliance checklists and updates to the website discussed. The checklists can be used to record and show GDPR progress to governors and support consultants during visits. Best practice areas and documentation discussed.
3	Staff training	Only Sarah has completed. ACTION POINT: - Rollout to key staff and then remaining staff to attend a DPE GDPR awareness session (SL to organise – actioned); - School could consider adding as part of the induction process for new staff; - Continue to use staff meetings/briefings to raise staff awareness. Note: governor assigned for GDPR has completed GDPR training within their organisation.
4	Compliance manager	Demonstrated how reports can be uploaded and documentation read/reviewed by staff: DPE/Tools/Compliance manager.
	Policy/procedure	Follow on actions/comments
1	ICO registration	Went through the process of adding a DPO. Details can be obtained from: https://kb.dataprotection.education/index.php/news-top/news
2	GDPR data protection policy	Completed and displayed on the school website.
3	GDPR privacy statement	Completed and displayed on the school website.
4	Breach procedure	Procedure completed. Online DPE Data Breach log is used by the school. ACTION POINT: School to ensure staff understand the data breach procedure and that breaches/incidents are logged. The school could use a paper log for incidents. SL offered to complete an afterschool session.
5	SAR procedure and log	Procedure completed. DPE online SAR log is used by the school.
6	Records management policy	Recommendation from DPE is the policy be adopted by the school. Consider adding to the school website.
7	Information classification policy	Recommendation from DPE is the policy be adopted by the school.

8	Consent forms	Latest DPE consent guidance documents downloaded during visit. School to continue to check against documentation currently used.
9	Clear desk policy	ADVISORY: Recommended the policy is adopted by the school.
10	FOI Policy	ADVISORY: Recommendation from DPE is the policy be adopted by the school.
11	Retention schedule and safe destruction of data	Governor hub annual review of school data and safe data destruction checklist (downloaded during visit) and IRMS toolkit documentation discussed with the school. School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention. Sarah suggested a footer note for any documents produced with the destruction date included.
12	DPIA	Discussed when one would be needed.
13	Leavers checklist	Linda to review current template and SL to send school example leaver checklist. To action
Item	Data mapping	Follow on actions/comments
1	Data mapping to support the Record of Processing (RoP) tool	As the DPE Record of Processing tool is being launched shortly, the school will wait for this to start data mapping and for record management. Went through the process of 80-100 master lists that will then include sub processes. DPE will be working with schools to complete. Due to its complexity this is a long-term project.
		IT Provider details: JC Commtec MIS Provider: Pupil Asset
Item	Technical measures	Follow on actions/comments
1	Website	Discussed with the school as part of the data cleanse to remove any old photos of leavers from the school website.
2	Servers and back ups	Data cleanse of the network is ongoing.
3	Cyber essentials	ACTION POINT: Suggested that the cyber essentials questionnaire be completed by the school's IT provider JC commtec.
4	Cloud computing	School has just upgraded its server. Due to Broadband issues the school is unable to move to cloud based solutions at present.
6	File security	School has issues with sharing files between the headteacher and SBM. This could cause issues with file security. ACTION POINT: The school to check with IT provider if it was possible to set up a shared folder for HR/contract information. At the moment this is downloaded to HT PC and emailed to SBM.
Item	Personal data	Follow on actions/comments
1	Pupil photographs	Latest DPE guidance documents discussed with the school.
2	Safeguarding	Schools are still getting info from other sources not intended for them. Safeguarding appears to be a concern. The school received a Safeguarding file that was sent via post (not recorded delivery) and it was relating to a student not at the school. SL to follow up with JE.

		Action taken: DPE has added the feature to allow schools to record when they have received a breach from another source. By recording centrally DPE can report back to the organisations where the breach occurred, which will improve practice and highlight any underlying issues: http://kb.dataprotection.education/index.php/news-top/news/94-siteupdates/132-breach-log-update
