ICT Services: NCC IT Solutions MIS: Pupil Asset		
Great Dunham Primary is a rural village school, providing education for 60 students aged from 4 – 11 years. Last year the school celebrated its 175 th birthday.		
Item	DPE website	Follow on actions/comments
1	Audit walk comments (including previous audits) Audit walk on 13 February 2019 – Arrienne Stanyon	Actions from walk on 13.2.19: All actioned identified from previous walk on 13.2.19 have been completed with the exception of: CCTV signage and which company facilitates it is very important. If this information cannot be found then it should be disconnected and switched off. CCTV system has been checked and confirmed that the system is not working. The system does not record or store any data and the school are using the cameras as monitors to see who is entering the school site and also children who are remaining in the quiet garden at the rear of the site. The school can confirm that no payments have been made to any CCTV provider for the past 6 years. All records previous to this have been destroyed. The school wishes to continue to use these monitors in this way as the school office/Headteacher's office does not have sight of the front or the rear of the school and from a security point it is beneficial for the school to have a view of people accessing the site. DPE see no reason not continue with this practice of using monitors in the interests of safeguarding and health and safety. Student Allergy Records – out of date A food allergy folder contained out of date information and included details of a student who left the school 2 years ago. It was also noted that records were not up to date for new children joining the school with serious allergies. Such an omission could have very serious repercussions and this needs to be addressed as soon as possible. ACTION: The Headteacher will take this up with Norse Catering as a matter of urgency – week commencing 14.10.19 Actions / Observation School Walk 9.10.19 Staffroom – is in a mobile classroom separate from main school building. It has a separate alarm and key code entry.

		It is also used as a teaching space. There was no PII data evident. Reception, Yr1 and Yr2 Class – is in a mobile classroom separate from main school building. It has a separate alarm and key code entry. Student first names used on storage facilities, coat pegs, exercise books. Birthdays were displayed using first names only. Student targets were displayed including a photo of the student, but no name on display. Student care plans were stored in a robust, opaque folder, in a discreet area of the classroom and locked away at night. Exactly the same practice was observed in the Year 3 and 4 classroom as well as Year 6. Students are responsible for their own asthma pumps and are kept in their classroom drawer. Supply teachers are given details of students with asthma and any other medical condition by the office staff on entry to the school. Student care plans are kept in the school office in a locked cabinet.
2	DPE website and best practice areas	DPE best practice areas, compliance checklists, SLAs and compliance manager discussed/demonstrated with the school. Recommended the school complete the compliance checklist initially. The checklists can be used to record and show GDPR progress to governors and support consultants during visits. LM helped the school complete Compliance Checklists and these now form an accurate data dashboard which can be shared with Governors to prove the schools progress with GDPR compliance. ADVISORY: Leadership Team to keep Best Practice checklists under review.
3	Staff training	DPE has e-learning modules that are part of the school's subscription. The majority of staff have completed Module 1 training with 6 staff having successfully completing both modules; Online GDPR training is part of induction process for new staff; The school will ensure that the new GDPR Governor completes the training. Note: Bite size training on SARs and Data Breaches will be available soon – notified via 'news' tab on DPE website Events: DPE now has a Barrister on the team who specialises in family law – there will be a local event that will include this topic – notified via 'new' tab ACTION: School to ensure that remaining staff complete Module 1 and 2 – Autumn Term 2019
	Compliance manager	Demonstrated how reports can be uploaded and documentation read/reviewed by staff: DPE/Tools/Compliance manager ADVSORY: If required, the school can upload the staff list in Compliance Manager to enable management overview of key documents/policies being 'read and understood' by the assigned staff

	Policy/procedure	Follow on actions/comments
1	ICO registration	ICO Registration Z5145782 – Expiry Date: 10.12.19 School was already registered but did not have DPE as the named DPO. ACTION: School to amend ICO record naming Data Protection Education as the DPO– Autumn 2019
2	GDPR data protection policy	Could not locate GDPR Policy on website only Data Protection Policy dated 2015. The school does have a current GDPR Policy based on the DPE model. This will be uploaded to the website by 11.10.19 ACTION: Add the approved GDPR policy to the school website and remove Stuart Lee / James England as the named DPO and replace with Data Protection Education Ltd
3	GDPR privacy statement	Could not locate GDPR Privacy Statement on website. The school does have a GDPR Privacy Statement based on the DPE model. ACTION: Add the approved GDPR Privacy Statement to the website by the 11.10.19 and ensure that Data Protection Education Ltd is named as the DPO. Amend list of third parties with whom the school share pupil data – LM to supply a list of example suppliers – Autumn 2019
4	Breach procedure	The school has a copy of the data breach procedure and will keep a log of data breaches using the online DPE Data Breach log to record centrally. The data breach procedure is communicated to staff and staff understand the data breach procedure and the importance that breaches are logged. Explanation provided for new heading on Data Breach notification – Breaches received ADVISORY: DPE online Data Breach log can be used by the school.
5	SAR procedure and log	The school has a copy of the SAR procedure and will keep a log of SARs using the online DPE SAR log to record centrally. The Headteacher voiced her concerns regarding any SAR that is received directly at the beginning of the summer holiday when she is unavailable and with no access to her emails and the consequences should the SAR not be addressed within the set timescale – Please refer to the DPE SAR procedure on Knowledge Bank which details extenuating circumstances. DPE advise that the Headteacher redirect emails to a senior member of staff for the holiday period. ADVISORY: DPE online SAR log can be used by the school.
6	Records management policy	LM assisted the school in downloading the policy during visit. ADVISORY: Recommendation from DPE is the policy be adopted by the school. Consider adding to the school website.

Commented [I1]:

7	Information classification policy	LM assisted the school in downloading the policy during the visit. ADVISORY: Recommendation from DPE is the policy be adopted by the school.
8	Consent forms	Discussed consent forms and also 'withdrawal of consent' being available to parents / carers. The website will include information about the withdrawal of consent being facilitated by the school office. ADVISORY: School to check against documentation currently used.
9	Clear desk policy	LM assisted the school in downloading the policy at the time of the visit. A decision will be made as to adopting the policy after all staff have completed e-learning training. ADVISORY: DPE recommendation that the policy is adopted by the school.
10	FOI Policy	LM assisted the school in downloading the policy at the time of the visit. FOI is now a section on the DPE website. ADVISORY: DPE recommend the policy is adopted by the school and published on the website
11	Work away from school policy	LM assisted the school in downloading the policy at the time of the visit. Procedures and protocols were discussed regarding working away from school whilst completing the checklist. The school is considering moving to Office 365 by 31.3.20, which will make working away from school easier and more secure. ADVISORY: DPE recommend the policy is adopted by the school.
12	Retention schedule and safe destruction of data	Governor hub annual review of school data and safe data destruction checklist and IRMS toolkit documentation discussed with the school. School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention. ACTION: The Headteacher downloaded the IRMS toolkit at the time of the visit
12	DPIA	Discussed when a DPIA would be needed i.e. CCTV. DPE will be providing additional documentation on the Knowledge Bank. Risk management is also incorporated within the Record of Processing tool. ACTION: LM to send a copy of the ICO standard DPIA to the school
Item	Data mapping	Follow on actions/comments
1	Data mapping to support the Record of Processing (RoP) tool	As the DPE Record of Processing tool is being launched shortly, the school will wait for this to start data mapping and for record management. DPE have provided around 100 generic processes that can be mapped for each school with appropriate sub-processors. DPE will be completing webinars and remote sessions from September 2019 to support schools with the process.

		IT Provider details: NCC ICT Solutions MIS Provider: Pupil Asset
Item	Technical measures	Follow on actions/comments
1	Website	The school uploads documents to the website and therefore has greater control of its content. The website is hosted by Posterity. The school has procedures in place to check and cleanse the website - to remove any old photos of leavers from the school website.
2	Servers and back ups	School data is backed up to disk and a strict back-up procedure is observed. The main Server is in a locked cabinet in a room which is locked at night. The School should consider a full data cleanse and the IT provider can complete a search to identify outdated information. School align with retention schedule and only keep up to date images and photos/videos required for archiving and historical purposes. ACTION: School to check with IT Technician that there is a procedure for data cleansing in place – Autumn 2019
3	Cyber essentials	LM assisted in downloading this questionnaire at the time of the visit. ADVISORY: School to request that IT provider completes Cyber Essential Questionnaire – Autumn 2019.
4	Cloud computing	Some school data is backed up to the cloud. The school's MIS is in the cloud and also the 2 office PCs are running on Office 365. The school intends to move completely to cloud by installation of Office 365 by 31.3.20.
5	Laptops	All school laptops are encrypted. Students use Chrome Books, which are password protection but not encrypted. They do not leave the school site.
6	iPad security	School has developed procedures to allow iPads to be accounted for daily. There are currently 2 iPads for general classroom use and 1 for EYFS for the specific use of Tapestry software. iPads are accessed by 4 digit pass code There is a procedure in place for regular cleansing of iPads of student images ACTION: IT Technician to ensure that 'find my iPad' is installed and also 'return to factory settings' as a default
Item	Personal data	Consent obtained
1	Pupil photographs	Latest DPE guidance documents discussed with the school.
2	Staff photographs	Latest DPE guidance documents discussed with the school.
