

Visit report: DJ.Y2.01.Drayton Juniors_DPE_Visit.22.07.19		Time: 09.30 (rescheduled for 10.30)
Staff member: DPE: Stuart Lee. School: David Oldham		
Item	Type	Follow on actions/comments
1	Visit report(s)	DPE compliance checklists and updates to the website discussed. David has started to work through the checklists. The checklists can be used to record and show GDPR progress to governors and support consultants during visits. The visit focus, in addition to a mini walk, was to ensure the school were signposted to the DPE website for any additional documentation: • FOI policy • Records management policy • ICT Classification policy • Consent guidance • Clear desk – already implemented • Work away from school policy • Annual review of school data (Govhub) School walk observations: Classrooms: • Unlocked laptops – reminder to staff; • Class lists (swimming) with full name – is full name needed? – school to review; • 1 x memory stick – staff members own personal device. Reminder about the dangers. Should only be encrypted. Ideally, use cloud-based solutions; • School to review lists with full name ready for September 2019. Front office: • Care plan/medical information is now in document sleeves on the wall with front covered. Although most schools have now moved to having this information in folders, or online systems, the office is contained within an inner area and has limited entry and is lockable. Folders with care plans and attendance data is just awaiting the purchasing of a lockable door for additional security.

		Medical room: Medical details are now going to be contained in an area that is used as a staff toilet and used by visitors. SL suggested that the school could purchase a key code key safe for the keys to be added which would allow essential staff to gain access. The files with medical/care plan information can then be stored securely.
2	Staff training	Training is in the process of being completed. David has completed the training. The school to: - Rollout to key staff and then all staff (to be completed in Sept 2019); - Add as part of induction process for new staff; - Consider the governor responsible for GDPR completing the training; - Use staff meetings/briefings to raise staff awareness.
Item	Policy/procedure	Follow on actions/comments
1	GDPR data protection policy	Completed
2	GDPR privacy statement	Update the privacy statement to include third party suppliers (these can be added as an appendix). For use on the school website after leaving the school (up to ?? years)																				
For use on social media (such as the school Twitter or Facebook page)																				
School photographs can be provided to the media for publication or broadcast																				
For use in the school yearbook (photos will be shared with yearbook production team)																				
8	Clear desk policy	Completed.																		
9	FOI Policy	Policy downloaded. Recommendation from DPE is the policy be adopted by the school.																		
10	Retention schedule and safe destruction of data	Governor hub annual review of school data and safe data destruction checklist downloaded and IRMS toolkit documentation discussed with the school. School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention.																		
11	DPIA	Discussed when one would be needed.																		
Item	Data mapping	Follow on actions/comments																		
1	Data mapping to support the Record of Processing (RoP) tool	As the DPE Record of Processing tool is being launched shortly, the school will wait for this to start data mapping and for record management. DPE will be completing webinars and during July and workshops from September 2019 to support schools with the process.																		
		IT Provider details: ICT Solutions MIS Provider: Pupil Assett																		
Item	Technical measures	Follow on actions/comments																		
1	Website	School to complete checks and cleanse to remove any old photos of leavers from the school website.																		

		Update consent if the school intends displaying leavers on the school website after they have left the school.
2	Servers and back ups	Server in the IT room which is locked at night. School is to still complete a full data cleanse. IT provider can complete a search to identify outdated information. School to align with retention schedule and only keep up to date images and photos/videos required for archiving and historical purposes. Add to a restricted file that can then be sorted.
3	Cyber essentials	Cyber essentials documentation attached . School to get the IT technician to complete.
4	Cloud computing	School to check how data is currently backed up.
6	Laptops and iPad security	All laptops are encrypted. The school uses 2-factor authentication. iPad have key code entry.
Item	Personal data	Consent obtained
1	Pupil photographs	Latest DPE guidance documents discussed with the school.
2	Staff photographs	Latest DPE guidance documents discussed with the school.

ICO Registration. Not discussed during visit: School to check if registered with the ICO and also add: Data Protection Education Ltd as the named DPO. Additional guidance can be obtained from the news section of the DPE website.
