

Visit report: WEIY2.01_WestEarlhamInfants_DPE_Visit.20.09.19 Time: 09.30		
Staff member: DPE: Stuart Lee/Linda Mortimer. School: Rebecca Patterson (Beccie)		
West Earlham Infant is an inner-city school with 300 students on roll. The Business Manager has only been in post for a short time. The school was at an advanced stage with its GDPR compliance, with the main GDPR policies and procedures being completed and displayed on the school website. Good GDPR practice was observed during the visit. In addition to discussing additional policies/procedures and giving an overview of the DPE website, recommendations for improving practice further was discussed with the school.

1	Audit walk comments (including previous audits)	A mini audit walk (not including teacher areas) was conducted and the following established: Staffroom: - Accessed by door with key code entry system, no issues highlighted. Main Office: - Access door with key code entry system. Windows have one-way privacy glass. There is a locked cupboard, accessed by a key code where sensitive/confidential files are stored. Issues highlighted: - Class lists on display, containing student's full names; - Medical details on display – student's full name and details of medicines; - SEND details on display – student's full name and details of SEND requirements; - CCTV hard drive on display and easily accessible – the school will review as to adding the base unit to a secure cabinet. The above issues were discussed with the Business Manager and it was agreed that the school would remove the sensitive data and keep in a file. The file would be retained in a locked cupboard at the end of the school day. Confidential waste: The Business Manager queried the current practice of confidential waste sacks not secure and easily accessible. The school currently stores the waste sacks in a cupboard in the main office and in some classrooms. It was suggested that a shredder or lockable cabinet(s) for waste collection would be a more appropriate solution - school to review.
2	DPE website and best practice areas	DPE best practice areas, compliance checklists, SLAs and compliance manager discussed/demonstrated with the school. Recommended the school complete the compliance checklist initially. The checklists can be used to record and show GDPR progress to governors and support consultants during visits.
