Staff member: DPE: Stuart Lee/Linda Mortimer School: Sam Nixon (HT) Mrs Valarie Botright (admin)		
Ashleigh is part of the Wymondham Cluster. It is Ofsted Outstanding with 528 students on roll in a 2 form entry, Nursey to Year 6. The school has a dedicated GDPR section on the school website and have worked through previous visit report actions.		
In addition to reviewing the previous audit report the visit focus was to demonstrate key features of the GDPR website, including the compliance checklist and additional advisory documentation that can be used.		
Item	DPE website	Follow on actions/comments
1	Audit walk comments (including previous audits)	No walk was completed. The school confirmed: • Reception/visitor signing in sheet: • Add information at reception to inform visitors where they can access the school's privacy statement from i.e. school website. Completed • Front/Back office: • Review lists on display that also contained DOB (DOB not needed). Do these need to be on display - can lists be added to folders? Completed: Removed and located in folders – stored in locked cabinets • HT Office: Consider purchasing additional secure storage and/or complete a reshuffle to move data to secure cupboards. Completed: Removed and located in locked cabinet • Staffroom: • Pigeon holes:Reminder to staff to ensure these are emptied. Completed: Regularly reminded, culture change in progress. • Corridors/hall: Student list with photo and full names. Ensure Privacy Statement matches what is on display. Can displays be minimised i.e. just use forename? Completed: First names used only • Classrooms lists/Corridor displays/coat pegs: Ensure consistency and use of forename only. Where there is teaching and learning justification this is acceptable, however, schools are adopting forename only and this has become standard practice. Ensure consent forms align with data on display. Completed • Printers: School use printer codes that are entered on the laptop/PC and not at the printer. The school is currently discussing with service provider changes to allow the code to be entered at the printer. This will minimise the risk of a data incident/breach. Completed: Printer codes installed • Care plans: On walls but covered. Can these be added to folders? School has reviewed and maintaining current practice. • IT security: Laptops/PCs unlocked around school. School to check with IT provider settings. Completed: Settings have been reviewed and now changed • CCTV: Update signage – additional information below:

		Completed: School has updated signage and cross referenced with DPE policy and checklist.
2	DPE website and best practice areas	DPE best practice areas, compliance checklists, SLAs and compliance manager discussed/demonstrated with the school. Recommended the school complete the compliance checklist initially. The checklists can be used to record and show GDPR progress to governors and support consultants during visits.
3	Staff training	DPE has e-learning modules that are part of the school's subscription. Training is in the process of being completed with many staff having completed module 1 with some staff having completed both modules. ACTION: Mop up for staff still to complete training and consider staff completing both modules.
	Compliance manager	Demonstrated how reports can be uploaded and documentation read/reviewed by staff: DPE/Tools/Compliance manager. Useful tool where reports can be uploaded to; You can assign different documents for staff e.g. Safeguarding - can assign to individuals to evidence who has read and understood; GDPR documents relating to the school can be uploaded here. ISSUE: Unable to save different sections during visit. SL to follow up. This now appears to be working correctly. Sam to notify SL if it is still an issue.

School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention.
12	DPIA	Discussed when one would be needed i.e. CCTV. DPE will be providing additional documentation on the Knowledge Bank. Risk management is also incorporated within the Record of Processing tool.
13	CCTV	ADVISORY: Suggest that the school uses the Best Practice library to cross reference the CCTV checklist; An exemplary CCTV policy is available in the library.
Item	Data mapping	Follow on actions/comments
1	Data mapping to support the Record of Processing (RoP) tool	As the DPE Record of Processing tool is being launched shortly, the school will wait for this to start data mapping and for record management. DPE have provided around 100 generic processes that can be mapped for each school with appropriate sub-processors. DPE will be completing webinars and remote sessions from September 2019 to support schools with the process. DPE has created 80 – 100 master ‘generic’ processes, which will have sub processes associated with them. Schools will be able to copy the master list and adapt to their own requirements; DPE will start working with schools to complete the above (Autumn 2019).
