

Visit report: HPY2.01_HillsidePrimary_DPE_Visit.08.10.19 Time: 09.30		
Staff member: DPE: Stuart Lee. School: Lynsey Boulton		
Item	Audit, DPE website and training	Follow on actions/comments
1	Audit walk comments (including previous audits)	Actions from the last audit have either been completed, reviewed or are in the process of being completed. Since the last visit, Steve (caretaker) has started to incorporate GDPR checks with his afterschool duties and feedback to Lynsey. This has further improved GDPR practice in school. Lack of secure classroom storage is a known issue for some classrooms. Lynsey is going to investigate whether it is possible to reshuffle some of the current secure storage to those classrooms, rather than purchasing additional storage. iPad routines were identified as still problematic. The server position is as previous, with no changes made at present. The school had issues with children accessing the school roof during the summer. We discussed the risks for if there was unauthorised access to different areas i.e. server area; iPads not secure and unlocked sensitive data (deputies office). The next visit in February 2020 will focus on the completion of the record of processing tool.
2	DPE website and best practice areas	DPE best practice areas, compliance checklists, SLAs and compliance manager discussed/demonstrated with the school. Recommended the school complete the compliance checklist initially (completed during visit). The checklists can be used to record and show GDPR progress to governors and support consultants during visits.
3	Compliance Manager	Demonstrated how reports can be uploaded and documentation read/reviewed by staff: DPE/Tools/Compliance manager. All audit reports will now be uploaded to Compliance Manager. The school will receive a notification once a report/document has been uploaded. The school can use Compliance Manager for other key documentation i.e. Safeguarding.
4	Staff training	Completed
	Policy/procedure	Follow on actions/comments
1	ICO registration	School was already registered but did not have DPE as the named DPO. SL supported the school with sending an email to the ICO to register.
2	GDPR data protection policy	Completed.
3	GDPR privacy statement	Completed.
4	Breach procedure	Procedure completed. Online DPE Data Breach log is used by the school. ADVISORY: School to ensure staff understand the data breach procedure and that breaches/incidents are logged. Explanation provided for new heading on Data Breach notification – Breaches received.
5	SAR procedure and log	Procedure completed.

		ADVISORY: DPE online SAR log can be used by the school.
6	Records management policy	ADVISORY: Recommendation from DPE is the policy be adopted by the school. Consider adding to the school website.
7	Information classification policy	ADVISORY: Recommendation from DPE is the policy be adopted by the school.
8	Consent forms	Latest DPE consent guidance documents discussed during visit. ADVISORY: School can check against documentation currently used.
9	Clear desk policy	Previously discussed with the school.
10	FOI Policy and publication scheme	ADVISORY: Recommendation from DPE is the policy be adopted by the school. School to check if it has a publication scheme: https://ico.org.uk/media/for-organisations/documents/1242/how-to-complete-template-guide-to-info-for-schools.pdf Examples of schools that display their publication scheme on their website: http://www.woodlands.kent.sch.uk/attachments/download.asp?file=3516&type=pdf http://www.clavering.essex.sch.uk/publication-scheme/ http://www.havannah.cheshire.sch.uk/key-info/school-publication-scheme/
11	Work away from school policy	Previously discussed with the school. ADVISORY: DPE Recommends the policy is adopted by the school.
12	Retention schedule and safe destruction of data	Governor hub annual review of school data and safe data destruction checklist and IRMS toolkit documentation discussed with the school. School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention.
12	DPIAs	Discussed when a DPIA would be needed i.e. Cloud based systems and Safeguarding. Completed a verbal DPIA for Tapestry to identify risks with the new system (iPads). Lynsey to follow up with iPad procedures. DPE will be providing additional documentation on the Knowledge Bank. Risk management is also incorporated within the Record of Processing tool.
Item	Data mapping	Follow on actions/comments
1	Data mapping to support the Record of Processing (RoP) tool	As the DPE Record of Processing tool is being launched shortly, the school will wait for this to start data mapping and for record management. DPE have provided around 100 generic processes that can be mapped for each school with appropriate sub-processors.

		Completion will be the focus of the next visit.
		IT Provider details: Net Central MIS Provider: Pupil Asset
Item	Technical measures	Follow on actions/comments
1	Website	School has been developing systems to ensure the website is kept up to date.
2	Servers and back ups	The server and IT equipment are positioned in an open area. Previously discussed whether security could be increased by adding a cage to the server or creating a secure space in the area (small cupboard/office). This would also allow for securing of other equipment, such as laptops.
3	Cyber essentials	Policy downloaded during visit. ACTION POINT: Recommend IT provider completes.
4	Laptops	All school laptops are encrypted. ACTION POINT: Lynsey to recheck.
5	iPad security	ACTION POINT: School has developed procedures for iPads but will revisit and also check iPad security as iPads are now used for other applications i.e. Tapestry.
Item	Personal data	Consent obtained
1	Pupil photographs	Latest DPE guidance documents discussed with the school.
