

Visit report: MGY2.01_MagdalenGates_DPE_Visit.17.10.19 Time: 15.00		
Staff member: DPE: Stuart Lee. School: Cara Fahy, (HT), J Starling (Finance), A Cooper (data protection team)		
There had already been a cultural shift to how data is stored, used and displayed in school. The school has an appointed governor for GDPR and continue with a GDPR working party. Staff have completed GDPR training. The school were already at an advanced stage with their GDPR project implementation. The visit was timed to enable an afterschool walk to be completed.		
Item	Audit, DPE website and training	Follow on actions/comments
1	Audit walk comments (including previous audits)	The afterschool walk was useful in identifying if current routines needed to be reinforced or reviewed. The school had parents evening so this was a good opportunity to review what data was accessible and areas parents could access during the walk. Walk comments are detailed below: Signing in system(s) and front office: School uses Inventory for signing in but also has a book where parents can sign in. The book includes names, reason and signature. Advised to review practice. Is signature needed? What information is contained in the office i.e. In-tray contained full name PP lists with UPN's. It also highlighted that the CCTV screens could be viewed by visitors and that the in-tray was positioned near to where parents were queuing. The school to consider: • Review current signing in arrangements for large events; • Closedown the screen for the CCTV monitor and secure the base unit; • Ensure no sensitive data is left in in-trays. Pigeonholes: • Communicate to staff the need to regularly check pigeonholes and remove outdated information. The walk identified Performance Management, Payslips and assessment data in one staff members pigeonhole; • School to introduce a half/termly cleanse of staff members pigeonholes. Note: Door is secure with limited entry. Classrooms and teaching areas – items observed: • Assessment folders; • Intervention folders; • Speech and Language reports. Note: The school predominantly used forename only and had a folder system where staff had assessment folders displayed during the day and added to a central secure cabinet at night. None were secured when checking. The assessment folders/sheets may have been used for parents evening, but this could have created an issue as parents

		could possibly view other student's assessment information. An assessment of risks was made whilst I was present, and Cara made the decision to change the practice during the visit. Improving future practice: Cara is to encourage staff to self-regulate and check each other's area, which will support with future monitoring.
2	DPE website and best practice areas	DPE best practice areas, compliance checklists, SLAs and compliance manager discussed/demonstrated with the school. Recommended the school complete the compliance checklist initially. The checklists can be used to record and show GDPR progress to governors and support consultants during visits.
3	Compliance Manager	Demonstrated how reports can be uploaded and documentation read/reviewed by staff: DPE/Tools/Compliance manager. All audit reports will now be uploaded to Compliance Manager. The school will receive a notification once a report/document has been uploaded. The school can use Compliance Manager for other key documentation i.e. Safeguarding.
4	Staff training	Completed.
	Policy/procedure	Follow on actions/comments
1	ICO registration	School was already registered but did not have DPE as the named DPO. SL supported the school with sending an email to the ICO to register.
2	GDPR data protection policy	Completed. Initially an error with the link directing to the incorrect document on the website.
3	GDPR privacy statement	SL to review. To include: Download from website and update for CARA. Actioned – attached.
4	Breach procedure	NOTE: School staff are all familiar with the reporting requirements and procedure. School uses the DPE online breach log. Explanation provided for new heading on Data Breach notification – Breaches received
5	SAR procedure and log	Procedure completed. DPE online SAR log can be used by the school.
6	Records management policy	Completed.
7	Information classification policy	ADVISORY: Recommendation from DPE is the policy be adopted by the school.
8	Consent forms	ADVISORY: School to check against documentation currently used.
9	Clear desk policy	Completed.
10	FOI Policy	ADVISORY: Recommendation from DPE is the policy be adopted by the school. School to check if it has a publication scheme: https://ico.org.uk/media/for-organisations/documents/1242/how-to-complete-template-guide-to-info-for-schools.pdf

		Examples of schools that display their publication scheme on their website: http://www.woodlands.kent.sch.uk/attachments/download.asp?file=3516&type=pdf http://www.clavering.essex.sch.uk/publication-scheme/ http://www.havannah.cheshire.sch.uk/key-info/school-publication-scheme/
11	Work away from school policy	ADVISORY: Recommended the policy is adopted by the school or add information to staff handbook.
12	Retention schedule and safe destruction of data	Governor hub annual review of school data and safe data destruction checklist and IRMS toolkit documentation discussed with the school. School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention.
13	DPIA	Discussed when one would be needed i.e. Migrating to the CLOUD. DPE will be providing additional documentation on the Knowledge Bank. Risk management is also incorporated within the Record of Processing tool. NOTE: SL suggested completing a DPIA with the service provider prior to migrating.
14	Email policy/best practice	SL to raise with JE. Note: JE confirmed that this is currently being worked on and will be on the Knowledge Bank shortly. Additional practice guidance can be obtained from: https://c.ymcdn.com/sites/irms.site-ym.com/resource/collection/8BCEF755-0353-4F66-9877-CCDA4BFEEAC4/2016_IRMS_Toolkit_for_Schools_v5_Master.pdf (P17 – P20)
Item	Data mapping	Follow on actions/comments
1	Data mapping to support the Record of Processing (RoP) tool	As the DPE Record of Processing tool is being launched shortly, the school will wait for this to start data mapping and for record management. DPE have provided around 100 generic processes that can be mapped for each school with appropriate sub-processors. DPE will be completing webinars and remote sessions from September 2019 to support schools with the process. NOTE: Gill suggested crib sheets for the RoP and a help function for the website. ACTIONED: SL followed up with JE.
		IT Provider details: JC COMMTEC. MIS Provider: Pupil Asset Other: School used CPOMS
Item	Technical measures	Follow on actions/comments
1	Website	School has started the process of completing a full data cleanse.
2	Servers and back ups	School has started the process of completing a full data cleanse.
3	Cyber essentials	Policy downloaded during visit.

		ACTION POINT: Recommend IT provider completes.
4	Laptops	All school laptops are encrypted. ADVISORY: School to confirm with IT provider.
Item	Personal data	Consent obtained
1	Pupil photographs	Latest DPE guidance documents discussed with the school. Consent kept centrally on the SIMS system.
