

Visit report: PFY2.01_PilgramFederation_DPE_Visit.16.10.19 Time: 09.30 – all day		
Staff member: DPE: Stuart Lee. Federation: Mary Dolan, Helen - deputy head		
The Pilgram federation are a North Norfolk federation consisting of four primary schools: Walsingham, Blakeney, Hindringham and Kelling. There had already been a cultural shift to how data is stored, used and displayed across the federation and the federation were at an advanced stage with their GDPR project implementation. The federation had an LA audit summer term 2019. The NCC audit report was discussed with the three unsatisfactory comments explained: • Data audit – demonstrated the Record of Processing tool which will support this; • DPIA – discussed when one would be required and that DPE would be providing additional guidance and support for when a DPIA was needed; • Third parties and contracts – SL updated the privacy statement and Lynne to provide a list of third parties which will be displayed on the school website.		
Item	Audit, DPE website and training	Follow on actions/comments
1	Audit walk comments (including previous audits)	Mary has completed a thorough review of the federations use, handling and storage of data. Forename only is predominantly used across the federation and where full name exists the federation are making changes to forename only; consent aligns with displays and sensitive data overall is added to folders and stored securely. Confidential signing-in is used across the federation; the federation now have lockable storage in each classroom and/or available secure storage; the federations apply the DPE clear desk/password policy; banned the use of USB sticks and printers now have codes. Walsingham Primary demonstrated exceptional GDPR good practice with only the reception area having coat pegs, trays and full names on display. From the audit walks the following was discussed and will be considered/actioned: Secure code entry to offices where sensitive data and server equipment is stored: • Front offices • Headteachers office(s) • Server room (Kelling) In addition, the federation will investigate locks for the glass screens at Hindringham and Blakeney. Front offices: • Student contact lists (admin offices): Information is currently in folders but contain a full student summary. Suggested as the offices were going to have key code entry the federation could trial with minimising the lists to just

		the name and contact details for use in emergencies. Federation to ensure it has contingency and can access any additional information (i.e. medical details if needed). Federation to store in drawers/securely at night. • Medical accident books: To be moved from current location and stored in the relevant school offices. • Ofsted folder with performance management – complete a cleanse and remove any sensitive data and store securely. Additional items observed: • Behaviour logs; • Accident logs; Classrooms – items observed and ACTION POINTS: • Assessment folders – store securely at the end of the school day; • Parent consultation notes – store appropriately and destroy if no longer needed; • Laptop unlocked – reminder to staff; • iPads/Tablets not secure – check with IT provider security of equipment; • Cameras accessible with photos – reminder to staff to store securely and remove photos. Are cameras still needed? • Personal belongings (phone/wallet) in open drawers – reminder to staff. • SEND progress folder – store securely at the end of the school day; • Nsix student email list with passwords – store securely. • Student to parent workbook with photos and individual parent comments. ACTIONED: Federation to change procedure to sending home individual sheets. Headteachers office (Blakeney) • ACTION POINT: Complete filing and add secure key code entry to door. Kitchen (Kelling): • 1 x allergy Photo and information of a student no longer at the school. ACTION POINT: Reminder to staff and securely destroy outdated information. Birthday displays in the Hall (Blakeney): • Forenames of students with month and day of birthday displayed in the hall. ACTION POINT: School to move to classrooms.
2	DPE website and best practice areas	DPE best practice areas, compliance checklists, SLAs and compliance manager discussed/demonstrated with the federation. Recommended the federation complete the compliance checklist initially. The checklists can be used to record

		and show GDPR progress to governors and support consultants during visits. Demonstrated how reports can be uploaded and documentation read/reviewed by staff: DPE/Tools/Compliance manager.
3	Staff training	DPE has e-learning modules that are part of the federations subscription. Training awareness has been completed with staff. Mary and Helen have completed the GDPR e-learning training. ADVISORY/ACTION POINT: • Amanda (governor) to complete DPE e-learning training; • Use staff meetings/briefings to raise staff awareness. • Complete a whole federation session online with staff and work through the DPE e-learning modules and document the training.
	Policy/procedure	Follow on actions/comments
1	ICO registration	School(s) were already registered but did not have DPE as the named DPO. SL supported the federation with sending an email to the ICO to register.
2	GDPR data protection policy	Completed. ACTION POINT: Federation to remove the old policy that refers to the 1998 act from the federation website.
3	GDPR privacy statement	Completed. ACTION POINT: Workforce Privacy Notice: The federation now has a combined statement so there should be no need to keep the Separate Workforce Statement. If keeping, Stuart Lee needs to be removed as the named DPO and replaced with: Data Protection Education Ltd.
4	Breach procedure	Procedure completed. Online DPE Data Breach log is used by the federation. Explanation provided for new heading on Data Breach notification – Breaches received
5	SAR procedure and log	Procedure completed. DPE online SAR log can be used by the federation.
6	Records management policy	Completed and displayed on the federations website.
7	Information classification policy	ADVISORY: Recommendation from DPE is the policy be adopted by the federation.
8	Clear desk policy	Federation has adopted the clear desk and screen policy and is actively applying across the federation.
9	FOI Policy	ADVISORY: Recommendation from DPE is the policy be adopted by the federation. Federation to check if it has a publication scheme: https://ico.org.uk/media/for-organisations/documents/1242/how-to-complete-template-guide-to-info-for-schools.pdf Examples of schools that display their publication scheme on their website:

		http://www.woodlands.kent.sch.uk/attachments/download.asp?file=3516&type=pdf http://www.clavering.essex.sch.uk/publication-scheme/ http://www.havannah.cheshire.sch.uk/key-info/school-publication-scheme/
10	Work away from school policy	Discussed emails and documented procedure. Federation to create best practice guidance and send to SL for review. DPE to provide some additional documentation as well.
11	Retention schedule and safe destruction of data	Governor hub annual review of school data and safe data destruction checklist and IRMS toolkit documentation discussed with the federation. Federation can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention. Guidance can be obtained from the DfE and IRMS toolkits: https://c.ymcdn.com/sites/irms.site-ym.com/resource/collection/8BCEF755-0353-4F66-9877-CCDA4BFEEAC4/2016 IRMS Toolkit for Schools v5 Master.pdf https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/747620/Data_Protection Toolkit for Schools OpenBeta.pdf (Annex 5.1)
12	DPIA	Discussed when one would be needed i.e. CPOMS. DPE will be providing additional documentation on the Knowledge Bank. Risk management is also incorporated within the Record of Processing tool. DPIAs were also identified as needing action (i.e. staff training) during the NCC audits. DPE advice is to support schools in completing rather than staff completing individually. DPE will be providing additional guidance shortly.
Item	Data mapping	Follow on actions/comments
1	Data mapping to support the Record of Processing (RoP) tool	As the DPE Record of Processing (RoP) tool is being launched shortly, the federation will wait for this to start data mapping and for record management. DPE have provided around 100 generic processes that can be mapped for each school with appropriate sub-processors. DPIA's also included within the RoP tool. DPE will be completing webinars and remote sessions to support schools with the process.
		IT Provider details: NCC ICT Shared Services MIS Provider: Pupil Asset
Item	Technical measures	Follow on actions/comments
1	Website	Federation to complete checks and cleanse to remove any old photos of leavers from the federation website.
2	Servers and back ups	Federation data is backed up to the cloud/backup disk.

		Server security can be improved by adding key code entry to the doors where servers are positioned. Federation to still complete a full data cleanse. IT provider can complete a search to identify outdated information. Federation to align with retention schedule and only keep up to date images and photos/videos required for archiving and historical purposes.
3	Cyber essentials	Policy downloaded during visit. ACTION POINT: Recommend IT provider completes.
4	Laptops	ACTION POINT: The federation continues to develop procedures to allow iPads/Tablets and cameras to be accounted for daily and stored securely. Federation to continue to review as the walk identified equipment not secure.
5	iPad/Tablet and camera security	Consent obtained
Item	Personal data	
1	Pupil photographs	Latest DPE guidance documents discussed with the federation.
2	Staff photographs	Latest DPE guidance documents discussed with the federation.
