1	Audit walk comments 14.2.19 – SL And actions from walk on 7.11.19	All recommendations from previous visit have been actioned with the exception of: General: Lists of students where the school has permission to walk home are displayed with full names. This will be changed to first name only by the end of Autumn Term 2019 Medical room: Details of medical conditions and allergies remain on display since previous visit. The Headteacher has carefully considered the risks and determined that being on display is in the best interest and welfare of the students. The school will continue with this practice, although DPE strongly recommend that this sensitive PII information is kept in a folder and locked in a secure cabinet at the end of school. Actions from walk on 7.11.19 Staffroom: Pigeon holes contain some sensitive pupil information (SENDCo). Please remind staff that such reports/information should be kept in a file in a locked cabinet. Year 1: Remove student's actual date of birth from birthday display. Recommend that student's first name is put on relevant month of the year. Year 4: Remove student's actual date of birth from birthday display. Recommend that student's first name is put on relevant month of the year. Year 6: Class on residential trip. Folder containing general information about each student left on teacher's desk – please ensure that such folders are stored in locked cabinet at the end of school or when classroom is left unattended for a period of time. School Kitchen: Please remove surnames from allergy information sheets relating to specific students.

		Rackheath Pre-School – 1st GDPR Audit (7.11.19) Much good practice was observed in the pre-school building including the following: • Key pad entry into the building • Student support plans were readily available but suitably covered • Lists of students with allergies were filed in a locked cupboard • Attendance registers and emergency contact details were place in an opaque file and locked away at the end of each session • Sensitive information is stored in student's personal files, which are kept in locked cabinet • Strict guidelines are observed regarding images of students • Designated staff are allowed to use of pre-school camera to take student photos • Images are uploaded weekly to the manager's PC • Effective procedures and routines in place to delete images
2	DPE website and best practice areas	DPE best practice areas, compliance checklists, SLAs and compliance manager discussed/demonstrated with the school. At time of visit the school started to complete various checklists. The checklists can be used to record and show GDPR progress to governors and support consultants during visits. ACTION: Leadership Team to review and complete checklists – Autumn Term 2019
3	Staff training	DPE has e-learning modules that are part of the school's subscription. The school attended initial GDPR workshops some time ago, however DPE recommend that the Leadership Team and senior admin complete DPE Module 1 GDPR training. GDPR training should be embedded in staff induction programme Note: Bite size training on SARs and Breaches will be available soon – notified via 'news' tab on the DPE website.
4	Compliance manager	ACTION: Leadership Team and Senior Admin should complete GDPR Module 1 training – Autumn Term 2019 Reports can be uploaded and documentation read/reviewed by staff: DPE/Tools/Compliance manager. ADVISORY: If required, the school can upload staff list in Compliance Manager to enable the management overview of key documents/policies being 'read and understood' by the assigned staff.

Item	Technical measures	Follow on actions/comments
1	Website / Prospectus	Procedure in place for cleansing website and the Headteacher acknowledges the requirement to cleanse website of images of students who have left the school. DPE recommend that any newsletters older than 12 months should be archived. DPE understand that a school prospectus is a significant investment and that after a period of time, it is likely that images of students who may have left, remain in the prospectus – this is acceptable as long as the student images are only used for the original purpose of their collection. Please refer to DPE Photo and Video guidelines for more detailed advice.
2	Servers and back ups	School data is backed up to the cloud and also back-up disk and managed by NCC ICT Solutions. The school changes back-up disks daily and they are kept in fire proof safe. The main school server is situated in a server room which is locked ICT Solutions works with ICT Coordinator and they have a procedure in place to ensure an annual data cleanse. There are mini data cleanse routines performed at the time of any significant change to the network or staff profile. The school observes an effective retention schedule and only keeps out of date images and photos/videos required for archiving and historical purposes – these are stored on a secure area of the serve.
