| 1                                                                                                                                                                                                                                         | Audit walk comments (including previous audits – 17.1.19 and remote session on 4.10.19 SL) | <p><b>Actions Remote Session 4.10.19:</b><br/> <b>All actions highlighted at the time of remote session on 4.10.19 have been completed</b><br/> School has chosen to use DPE Model Privacy Statement and will be signed off by Governors on 4.12.19</p> <p><b>Actions from 19.11.19</b><br/> School to continue evaluation of third parties noted in Privacy Notice and amend appendices accordingly<br/> School to direct visitors to location of Privacy Notice – this can be a simple laminated sign at main reception<br/> Re-publish the school's GDPR Policy on school website and note DPE as the nominated DPO<br/> School to download DPE Data Breach Procedure – consider how to share with staff<br/> School to download DPE Subject Access Request (SAR) Procedure – consider which staff to share with<br/> School to download DPE Working Away from School Policy – consider how to share with staff<br/> School to download DPE Clear Desk and Screen Policy – consider how to share with staff<br/> School to download DPE Records Management Policy – consider whether to publish on website<br/> School to download DPE Information Classification Policy – consider whether to publish on website<br/> School to download DPE Photo and Video Guidelines – consider how to share with staff<br/> Draw up a list of staff to prioritise for GDPR Module 1 online training – SLT, senior admin, caretaking</p> <p>There is very good practice evident throughout the school, with the clear desk policy and clear screen policy implemented in all areas. I would however urge the SLT to consider completing a DPIA prior to the transfer of the school's Management Information System to Eduspot in Spring Term 2020. I would also recommend that the ICT Solutions Technician is fully aware of the procedures to take place re this change in systems, so that he can provide technical support if required. School also advised to seek Eduspot Privacy Statement.</p> |
| 2                                                                                                                                                                                                                                         | DPE website and best practice areas                                                        | DPE best practice areas including; policies, compliance checklists, SLAs and Compliance Manager discussed/demonstrated to the school. It is evident that the school is making good progress in completing the checklists. These checklists form a data dashboard and can be used to demonstrate GDPR progress to governors.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

| 3 | Staff training              | <p>A Governor has been assigned with responsibility for oversight of GDPR – on a regular basis the Governor provides a written report which is shared at full Governing Body meeting. This information will be available to staff and parents via Governing Body minutes.</p> <p>DPE has e-learning modules that are part of the school's subscription. DPE advise that as a priority the Senior Leadership Team, senior admin and also school caretaker complete Module 1 GDPR online training. GDPR training should also be included in the induction process for new staff</p> <p><b>Note:</b> Bite size training on SARs and Breaches will be available soon. DPE will be hosting local events and DPE's barrister will be available for Q&amp;A – notified via 'news' tab on the DPE website.</p> <p><b>ACTION: School to ensure that SLT, senior admin and school caretaker complete Module 1 training - early Spring Term 2020.</b></p> |

| 8  | Consent forms                                   | Latest DPE consent forms will be checked against school consent forms. School has effective procedures in place to enable parents/carers to withdraw consent.                                                                                                                                                            |
| 9  | Clear desk policy                               | Model DPE policy downloaded at time of visit. The school is already demonstrating very good practice re Clear Desk and general housekeeping is of a very high standard.<br><br><b>ACTION: School to consider adopting this policy and sharing with staff – Autumn 2019</b>                                               |
| 10 | FOI Policy                                      | Model DPE policy downloaded at time of visit.<br><br><b>ACTION: School to consider adopting this policy and uploading to GDPR section on school's website – Autumn 2019/Spring 2020</b>                                                                                                                                  |
| 11 | Work away from school policy                    | Model DPE policy downloaded at time of visit. The school is already working to high standards in this area, however to have a documented policy to follow would be of benefit to all staff where this applies.<br><br><b>ACTION: School to consider adopting this policy and sharing with staff – Autumn 2019</b>        |
| 12 | Retention schedule and safe destruction of data | Governor hub annual review of school data and safe data destruction checklist and IRMS toolkit documentation discussed with the school. School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention. |
| 12 | DPIA                                            | Discussed when a DPIA would be needed i.e. installation of CCTV, introduction of systems such as CPOMS for safeguarding. DPE will be providing additional documentation on the Knowledge Bank. Risk management is also incorporated within the Record of Processing tool.                                                |

|      |                                                             | <b>ADVISORY: DPE strongly recommend that a DPIA is completed re the change of MIS to Eduspot in January 2020</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

| Item | Data mapping                                                | Follow on actions/comments                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| 1    | Data mapping to support the Record of Processing (RoP) tool | <p>As the DPE Record of Processing tool is being launched shortly, the school will wait for this to start data mapping and for record management. DPE have provided around 100 generic processes that can be mapped for each school with appropriate sub-processes.</p> <p>The school uses the School Access Module (SAM) the NCC secure Portal. This allows the school to view students due to enter Reception Class / transfer to High School. The portal is accessed via a password but the school does use the option to print these lists. There is an effective procedure in place to ensure that hard copies of sensitive information are destroyed when no longer required.</p> <p>DPE will be completing webinars and remote sessions from Autumn 2019/Spring 2020 to support schools with the process</p> |
| Item | Technical measures                                          | <b>IT Provider details: NCC ICT Solutions MIS Provider: Pupil Asset / moving to Eduspot in Spring 2020</b><br><b>Follow on actions/comments</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| 1    | Website                                                     | Hosted by Pupil Asset, the school receives remote website support from Pupil Asset but manages the actual content of the website themselves. Newsletters on the website are kept to a minimum and are regularly archived. Student and staff images appear but without a name. The school has a procedure in place for removing old / out of date images.                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 2    | Servers and back ups                                        | <p>School data is backed up to the cloud – managed by the ICT Solutions Technician</p> <p>Website is backed up via Pupil Asset to the Cloud</p> <p>Finance is backed up to an external hard drive and kept in a fire proof safe</p> <p>There is an effective procedure in place to ensure data is regularly cleansed from servers and that the document retention schedule is adhered to. The school works closely with their ICT Solutions Technician.</p>                                                                                                                                                                                                                                                                                                                                                         |
| 3    | Cyber essentials                                            | Questionnaire downloaded during visit and in-house technical support will complete. Please refer any queries to James England at DPE.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| 4    | Cloud computing                                             | The school uses Google Drive for lesson observations, SEN intervention / data (Barriers Document) – all teaching staff have access as well as the School Leadership Team.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| 5    | Laptops & School Cameras                                    | <p>All school laptops are accounted for regularly and signed for. Laptops are password protected and encrypted and entered into the school inventory.</p> <p>School cameras are used to record images from school trips and classroom observations – memory cards are wiped once images have been successfully uploaded to the school server. Each class has an individual folder for images on the main server. DPE Photo and Video guidelines are observed and regular image cleansing is practiced.</p>                                                                                                                                                                                                                                                                                                          |
| 6    | iPads                                                       | School has 2 iPads and these are used for Tapestry in EYFS, primarily to record student's learning journeys. The Phase Leader is responsible for managing and cleansing of student images. The school uses the Tapestry application, which                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

means that student images are uploaded to the Cloud and therefore not stored on the iPad. Any other images taken via the iPads are cleansed within 24 hours.

**ADVISORY: Please check with IT Technician that 'Find My iPad' and 'Return to Factory Settings' are installed on both iPads – Autumn 2019**
