

Visit report: HP.Y2.01.HinghamPrimary_DPE_Visit_15.07.19		
Trust/School: Hingham Primary	Date: 15.07.19	Time: 09.30
Staff member: DPE: Stuart Lee School: Deputy – acting headteacher: Mrs Spencer. Admin: Cathy De Micco		
Item	Follow on actions/comments	
1	Visit report(s)	Forename only has been adopted across the school and classrooms have lockable storage. As previous report, the school had already been proactive in making the required changes; confidential signing in is now in place; archived cupboard locked with additional secure storage and forename only used around school. The school had already downloaded and adopted additional policies and procedures: ICT classification, FOI policy, records management, clear desk and password policy. Some policies, as with the working out of school policy are yet to be adopted. Staff sign at the beginning of each academic year to confirm they have read and understand key school policies. Classrooms: - Staff were currently rotating classrooms in preparation for September. Discussed that this was a good opportunity to complete a data cleanse of each classroom. This would ensure that data is up to date and no legacy data remained in store areas. Backups: - Server is positioned in the front office. Backup is to the cloud but there is still a portable backup. School to check if this is still needed. Discussed security of server. Reception: - Add information at reception to inform visitors where they can access the school's privacy statement from i.e. school website. Staffroom: - SENCO/acting head still keeps files in the pigeonhole. Discussed and determined, that these would be ideally placed in the office/secure storage. Teacher compliance checklist – attached.
2	DPE website and best practice areas	DPE compliance checklists and updates to the website discussed. Recommended the school complete the compliance checklist initially (partly completed during visit). The checklists can be used to record and show GDPR progress to governors and support consultants during visits. Best practice areas and documentation discussed.
3	Staff training	Training is yet to be completed by all staff (Cathy completed). There is already a weekly focus and reporting to staff.

		There are a couple of options the school would like to consider: 1. School could get key staff to complete the e-learning training and then use a staff meeting to go through with the remaining staff. 2. SL offered to complete an afterschool awareness session.
Policy/procedure		Follow on actions/comments
1	GDPR data protection policy	Completed. Remove: Stuart Lee as the named DPO and replace with: Data Protection Education Ltd Add the policy to the school website.
2	GDPR privacy statement	Completed. Remove: Stuart Lee as the named DPO and replace with: Data Protection Education Ltd School to amend: <u>Who we share pupil data with</u> to include: • Suppliers that we have contracted with to provide educational services and those related to the operations of the school. For example: Pupil Asset the schools primary information management system (Please see Appendix 1 for full list of organisations that we share pupil information with).
3	Breach procedure	Completed. Online DPE Data Breach log can be used by the school. School to ensure staff understand the data breach procedure and that breaches/incidents are logged. DPE GDPR training will support this.
4	SAR procedure and log	Completed. DPE online SAR log can be used by the school.
5	Clear desk policy	Completed and used by the school.
6	Records management policy	Completed and displayed on the school website.
7	Information classification policy	Completed and displayed on the school website.
8	Consent forms	Ensure consent aligns with displays in school. Latest DPE consent documents downloaded during visit. School to check against documentation currently used.
9	FOI Policy	Completed and displayed on the school website.
10	Retention schedule and safe destruction of data	Governor hub annual review of school data and safe data destruction checklist and IRMS toolkit documentation discussed with the school. School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention. Completed.
11	DPIA	Discussed when one would be needed i.e. changing MIS systems.
Data mapping		Follow on actions/comments

1	Data mapping to support the Record of Processing (RoP) tool	As the DPE Record of Processing tool is being launched shortly, the school will wait for this to start data mapping and for record management. DPE will be completing webinars and during July and workshops from September 2019 to support schools with the process.
		IT Provider details: JC Comtec MIS Provider: Pupil Asset and Scholarpac.
Technical measures		Follow on actions/comments
1	Website	School to complete checks and cleanse to remove any old photos of leavers from the school website.
2	Servers and back ups	School still to complete a full data cleanse. IT provider can complete a search to identify outdated information. School to align with retention schedule and only keep up to date images and photos/videos required for archiving and historical purposes.
3	Cyber essentials	Questionnaire downloaded. Suggested school get the IT technician to complete.
4	Cloud computing	School data is backed up to the cloud.
Personal data		Consent obtained
1	Pupil photographs	Latest DPE guidance documents discussed with the school.
2	Staff photographs	Latest DPE guidance documents discussed with the school.
