11	Retention schedule and safe destruction of data	Governor hub annual review of school data and safe data destruction checklist and IRMS toolkit documentation discussed with the school. School can continue to check and record against data stored in school. The DPE record of processing tool will also include lawful basis for processing, risk and data retention. Discussed central records. School has a system where the record is kept electronically (securely). As there was not an apparent solution for the removal of contractors from the record SL confirmed with the school to continue as they are and document (11.07.19 email). School also keeps a paper copy that the school head signs (used for Ofsted). This is kept for 2 years in a locked cabinet and then destroyed. DPE to investigate with the record of processing tool. School query: will the record of processing tool link with the various policies and procedures? SL to check with JE.
12	DPIA	Discussed when a DPIA would be needed.
