Thank you Lisa

That all seems fine and reflective of the situation at present.

I should mention that I noticed that you made a mistake when referring to me as a solicitor in your previous correspondence with the mother. There is no need to panic about this but if the mother raises this error please clarify that an error was made and I am not a solicitor.

Best wishes,

Subject: Update

Good morning Ms Key,

Thank you so much for meeting with us yesterday. It was really good to talk things through.

We have contacted Charan (the solicitor) and James (the DPO) for final guidance. Both of them have said that we have completed the task the ICO required us to do and, as such, must follow through with the final step of reinstating SchoolPing as this complaint is now closed. I therefore wanted to let you know that this will go live again tomorrow.

We are sincerely sorry you're in this position, as it's clearly very hard for both yourself and your daughter. Unfortunately, we have legal obligations that we have to comply with. The only way the school could cease or restrict communication would be through the removal of PR.

We have asked Mrs Cable to keep an eye on your daughter and touch base with her to make sure she's doing okay. If there's anything else we can help you with please let us know.

Kind regards,

Dawn Loader

Email from DL to HK (mother of LMW) 10.06.20

Dear Ms Key,

I hope you and Lennie- May have been keeping well during lockdown.

Would it be possible for you to update us on the ICO recommendations and decision regarding Mr Weller's access to SchoolPing, as we have not received any new information to date.

Please could you submit this information to us from the ICO as soon as possible, but by the latest 24th June.

Kind regards,

Dawn Loader

REPLY FROM HK (Mother) 10.06.20

Good morning,

I haven't made a decision on whether Lennie will be returning to school. She is exceeding at home. We have had no anxiety attacks, no worries and no mention of Mr Weller. Her behaviour, her personality, mental health, education and her general ora has improved. She is a happier child without the constant reminder. I do not wish to bring her back to school and knock her of the positive track she is on. While the world has been focused on this pandemic contacting the professionals has not been high on my list of priorities. The health of my family has. I do not feel any help is needed at the moment and will not be burdening myself contacting friends for families or all these other people (ICO). It has been a stress on us that is totally unnecessary and is clear from this time away from it all that it is better for us to not let it consume our lives.

Please do not contact me on the subject again until lennie is due back in, we would like to enjoy the peace while we still can.

Kind regards

Hannah Keys
