Hi Charan

I hope you are well.

I recently had an information request form one of our teachers and this has resulted in the below thread.

Please can you have a read through my reply below and let me know if there is anything else I should add to this.

All the best

Anila

Hi Helen

Thank you for your email.

The reason I added the performance management and lesson observations was as a result of the last meeting we had with you and Greg (I was able to find them in older cabinets) where there was some discussion about why we did not have copies of older reviews (before IP and Bluesky). In order to keep them safe and in one location I added them to your personnel file as, at the time, we were to arrange for another meeting.

In relation to your most recent management reviews, I believe you should still have access to these on Bluesky and should be able to download them directly. However, I will ask for printed copies from Sammy and send you copies via. Post. If I have misunderstood this part of your email below please let me know.

I can confirm that I will send out the following to you:

- A copy of your personnel file in full
- A copy of further documents found in the cabinet if they relate to you – the exception to this is if they are learner reports etc. completed by you
- A copy of recent management reviews

I have just read your most recent email and just wanted to clarify that those reviews were added recently and I would not have supplied you with a copy the last time you made a request which is why I added them.

Kind regards

Anila

Subject: Copy of my personal file... what you sent performance management

related.....I already have.

Hi Anila,

I am apologising in the first instant for being a pain... I note that all documents you sent, I have already and seem to be specifically linked to performance management and lesson observations since the year 2008. As you have gone to the trouble of going that far back, I thank you for your effort. However, there seems to be nothing that relates to recent events which I find hard to believe. To this end, please can I have a copy of my entire file that you hold on me in FULL and not just parts of it by 15th August 2020 under GDPR of the Data Protection Act 2018. I include anything that has my name on it as you said, you found other documents elsewhere. I am copying this to the Divisional Secretary so that he is in the picture.

Many thanks,

Helen Collingborn
