

School: St Andrews, Aylmerton

Date: 01/02/21 & 20/05/2021

Report: Record of Processing - Online Meeting

DPE: Linda Mortimer

School members: Julie Jackson, Assistant Headteacher

Consultation details

- Overview of the school's requirement to comply with Article 30 of the GDPR
- How the personal information is mapped using DPE's RoP tool
- Example of a generic RoP
- Demonstration of the master lists, including roles, IT hardware and software
- Reporting functions of the RoP
- DPE online workshops
- Q and As

An overview of the RoP was provided on the 1.2.21 and discussions on how this tool could be used to help with management of the school, when fully completed.

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school (meeting on 1.2.21)

Step 2 - a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions are available via the RoP tool and include a detailed retention schedule as well as details of the lawful basis for process. The tool is still being developed and will shortly be able to produce risk reports.

RoP - Progress to date

At the time of these meetings, the following RoP was reviewed, amended and tailored to reflect the actual practice at the school:

- FIN09 Reconciliation of monthly payroll

RoPs Reviewed and tailored at time of meeting on 20.5.21:

- HR05 Managing the Single Central Record
- HR01 Pre-Employment Checks
- HR10 Managing the Recruitment Process
- HR07 Process for New Starters
- HR07 Process for Leavers

RoP - Next Steps

LM is currently compiling a generic list of third parties/software providers and the school will be asked to highlight those used by them.

This information will then be imported by DPE to your school's records on Knowledge Bank. Details of the third parties will then appear in your organisation's RoP as a list when adding third party suppliers. Once this list is imported it will enable the automatic generation of the school's Privacy Notice.

A further online meeting was arranged for the 21 September 2021.

The focus of this meeting (21 September 2021) will be to:

Start of the meeting to provide a quick GDPR catch up with Carol Keable, Headteacher and Julie Jackson.

Moving on to work with Julie to review progress with completion of the RoPs to prioritise additional HR and Finance RoPs to be tailored for St Andrews. Review reporting functions of the RoP tool and consider whether any other third parties/software providers should be added to the school's master list.

Additions to the school's master list:

Bright Pay for managing the school's payroll was added on the 20.5.21

Xero for the school's accounting system was added on the 20.5.21

School Pod for the school's MIS was added on the 20.5.21

Royal London pension provider for support staff was added on 20.5.21
