

School: Wreningham Primary School

Date: 24/05/2021

Report: Remote consultation

DPE: Linda Mortimer

School member: Rob Jones, Headteacher and Nuria Sharp, Business Manager

Consultation details

- Review of previous actions and audits (what to look out for)
- Compliance checklists and other key documents - Data Protection Policy and Privacy Notice
- Review of common breaches – Emails: use of BCC and incorrect attachments; insecure posting of confidential information; sharing/uploading work securely
- Review of training completed to date and prioritising future training
- Information security - cyber essentials and NCST training (Staying Safe Online)
- Electronic internal audit (making the rounds)
- Record of processing (RoP) & compliance with Article 30 of the GDPR
- Q and As

Review of previous report(s) and any outstanding actions

The school successfully moved to Cloud computing in Spring Term 2020. School management need to be aware of the importance of data sharing protocols when using cloud storage solutions.

School to ask their IT Technician (JC Commtech) to ensure that all school laptops are encrypted

School to ask their IT Technician to complete the Cyber Security Questionnaire (link is available below*)

Compliance checklist and documents

The compliance best practice area/checklist (<https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>) can be used to manage progress, print off reports for Governors and support consultants during visits/remote consultations.

Actions:

- **Compliance checklist:** The school has made a start on the completion of these checklists and will continue with this progress going forward

Data Protection Policy and Privacy Notice

The school uses the Cluster's Data Protection Policy and Privacy Notice. LM will liaise with Karen Hurst (Robert Kett) to advise that in the Autumn term it may be worth considering adopting the updated versions of these documents which are available on Knowledge Bank.

There are various versions of Privacy Notice now available on Knowledge Bank, and are in accordance with the latest ICO guidance on transparency. The Headteacher would like to continue with the school's current Privacy Notice, which does include a third party list.

The Heateacher will consider the introduction of a child friendly Privacy Notice in the next academic year.

Actions:

- LM to contact Karen Hurst re updating the **Privacy Policy** to the latest DPE version.
- **The data breach procedure:** Do all staff understand your organisation's data breach procedure? Review the DPE consent guidance and consent forms; does data displayed around school and on the website correlate with your current documentation? Is there data still displayed of leavers?

Action: School staff will complete the bite size training on Data breaches available on Knowledge Bank

- **Publication scheme:** This was discussed at the time of the meeting, and LM will review this with Karen Hurst. **The updated guidance can be obtained from:** <https://dataprotection.education/news-top/news/83-best-practice-updates/182-model-publication-scheme-amendments-improvements-and-updates>

Updated publication schemes can be obtained from:

<https://kb.dataprotection.education/index.php/best-practice-library/best-practice/freedom-of-information>

Review of training, setting up staff and running reports

Actions:

- Set up new staff on the DPE website and delete leavers: DPE dashboard>users>add staff, either manually or bulk import. Kalina at DPE (client support) is here to help you and can be contacted for support at: kalina.voyvodova@dataprotection.education.
- Review additional training modules to be completed by staff (Data Breaches and Staying Safe Online).
- The staff completed general GDPR training in February 2020 meaning that they will be due refresher training in February 2022. There is a 20 minute GDPR refresher training available on Knowledge Bank.

Information security - cyber essentials and NCST training

Actions:

- As there have been some security concerns within the sector ask your IT provider to complete the cyber essentials questionnaire: * <https://dataprotection.education/best-practice-library/documents/information-technology-security>
- Consider staff completing the DPE NCST stay safe online training as this will raise their awareness of phishing emails, scams etc.

Electronic internal audit (making the rounds)

Demonstrated the online walk during the consultation.

Actions:

- The school has the option to complete their own end of day walk and report findings back to staff (raising awareness)

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school.

Step 2- a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. risk reports will shortly be available.

Actions: A meeting was arranged for 15 June when LM will work with Nuria on the essential Finance RoPs.

A further meeting was arranged for Thursday 23 September and this will be with the new employee who will assume responsibility for GDPR at the school.
