

School: Hall School

Date: 10/06/2021

Report: Remote consultation

DPE: Stuart Lee **School member:** Kristina Hailes

Consultation details

- Review of previous actions and audits
- Compliance (documents) and checklists
- Review of training and running reports
- Information security - cyber essentials and NCST training
- Electronic internal audit (making the rounds)
- Record of processing (RoP)
- Q and As

Priorities from the consultation are detailed below:

Compliance checklist and documents

The compliance best practice area/checklist (<https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>) can be used to manage progress, print off reports for Trustees/Governors and support consultants during visits/remote consultations. **Demonstrated and updated for the school during the consultation.**

Actions:

- Update the **Privacy Policy** to the latest DPE version.
- Adopt the latest **DPE Privacy Notices**. There are now separate Privacy Notices for: Workforce, General and Students and there is now a child friendly notice. In addition, update the documentation on the school website (attached with academy information removed).
- SL to send Kristina a third party list to check against third party providers the schools use. The updated list can be added as an appendix to the privacy notices, or as a separate document on the school website - attached.
- **Add** the GDPR Policy, Privacy Notices, SAR/Data breach procedure and consent withdrawal to the school website.
- Consider having a GDPR section for key GDPR documents in the policy area of the school website. Example layouts can be obtained from:
<https://www.coltishall.norfolk.sch.uk/gdpr/>
<http://www.carletonrodeprimaryschool.com/policies/>
- **Information classification guidance** - communicate internally and add to the internal GDPR folder.
- Please check the compliance best practice area to ensure you are happy that you now have all of the initial compliance documents.

- **Publication scheme:** Check to identify if the school has a publication scheme and FOI policy. The updated guidance can be obtained from: <https://dataprotection.education/news-top/news/83-best-practice-updates/182-model-publication-scheme-amendments-improvements-and-updates>

Updated publication schemes can be obtained from:

<https://kb.dataprotection.education/index.php/best-practice-library/best-practice/freedom-of-information>

Review of training, setting up staff and running reports

Kristina confirmed that all staff have completed some form of internal GDPR training, so not all staff will have completed this via the DPE e-learning modules.

Actions:

- Set up new staff emails on the DPE website and delete leavers. SL emailed **kalina.voyvodova@dataprotection.education** who has been in contact to support the process.
- Review additional training modules to be completed by staff (Work away from school and NCSC training etc).

Information security - cyber essentials and NCST training

Actions:

- As there have been some security concerns within the sector we discussed cyber risks. Kristina confirmed that the school now has a new server and laptops. NCC ICT shared services provide IT support. The school has the option of asking their IT provider to complete the cyber essentials questionnaire:
<https://dataprotection.education/best-practice-library/documents/information-technology-security>
- Consider staff completing the DPE NCSC stay safe online training.

Electronic internal audit (making the rounds)

Demonstrated the online walk during the consultation.

Actions:

- As onsite audit walks are not taking place at present, the school has the option to complete their own end of day walk and report findings back to staff (raising awareness). Kristina will attempt this when time allows and let SL know when this has been completed.
