

School: Magdalen Gates

Date: 23/06/2021

Report: Remote consultation

DPE: Stuart Lee **School member:** Chris Hutchinson/Angie Cooper

Consultation details

- Review of previous actions and audits
- Compliance (documents) and checklists
- Review of training and running reports
- Information security and NCST training
- Electronic internal audit (making the rounds)
- Record of processing (RoP) - confirm future date with LM for a RoP focus session.
- Q and As

Priorities from the consultation are detailed below:

Compliance checklist and documents

The following documents have been completed and updated to the latest version:

- Privacy notices
- GDPR policy
- SAR procedure

The following documents are still to be completed:

- Adopt the DPE **Data breach procedure** and disseminate to staff
- **Work away from school policy - if not already it is good practice to have one.** School to ascertain which staff work from home, what data they access and how data is handled, which will support risk management for working out of school (policy available from the compliance best practice area).

Add the following documents to the GDPR section of the new school website:

- Privacy Notices
- GDPR policy
- SAR and Data breach procedure
- Consent withdrawal form

Note: the website was currently being updated to a new version, so did not have the latest version of the privacy notices or GDPR policy.

The following document can be added to the GDPR internal folder:

- Information classification guidance

All compliance documents can be obtained from the compliance best practice area:
<https://dataprotection.education/courses-heading/courses>

Review of training, setting up staff and running reports

The school is currently looking at the best method to ensure GDPR training has been completed by all staff, for example, the use of INSET time for staff to complete e-learning training.

Actions:

- Recommended staff complete GDPR refresher training and NCSC online training due to the number of cyber incidents being recorded across the sector.

Note: reminder to email staff prior to setting up on the DPE website informing them that they will receive an email from DPE. Kalina at DPE (client support) is here to help you if needed, and can be contacted for support at: kalina.voyvodova@dataprotection.education

Courses can be located here: <https://dataprotection.education/courses-heading/courses>

Information security - cyber essentials and NCST training

Discussed cyber incidents in the educational sector which Chris was already aware of.

Actions:

- As there have been some security concerns/incidents within the sector, as above, consider staff completing the DPE NCSC stay safe online training.

The NCSC website and advice and resources for schools can be found here: <https://www.ncsc.gov.uk/information/resources-for-schools>

Electronic internal audit (making the rounds)

Demonstrated the online walk during the consultation. The school had recently completed their own work.

Directed the school to the best practice poster that can be used to support walks:

<https://dataprotection.education/best-practice-library/documents/drip-feeds/57-dpe-quick-reference-guide>

Actions:

- The school will complete the online monitoring form with information from their paper based walk and inform SL once completed.

Note: discussed caretakers in schools being used as GDPR champions to feed back from evening walks any data risks/incidents identified.

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school.

Step 2- a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. risk reports will shortly be available.

Actions:

- **Chris to discuss with Claire (finance) and inform SL** who will arrange for Linda (DPE) to contact Claire to complete some RoPs for finance.

Note: the school no longer buy in to GDPRiS
