

School: Hunstanton Primary

Date: 14/09/2021

Report: Remote consultation

DPE: Linda Mortimer & Lindsey Smith

School members: Di Mapplebeck, Headteacher & Margaret Hyde, Secretary

Consultation details

- DPE website including: staffing changes and updating on the DPE website
- Review of previous actions and audits - what support is needed i.e. documentation etc
- Compliance (documents) and checklists
- Review of training
- Information security - cyber essentials and NCSC training
- Electronic internal audit (making the rounds)
- Record of processing (RoP) update and next steps
- Confirm future appointments and/or RoP session(s)
- Q and As

Priorities from the consultation are detailed below:

DPE website/best practice including staffing changes

Actions:

- Set up new staff on the DPE website and delete leavers: DPE dashboard>users>add staff, either manually or bulk import. Kalina at DPE (client support) is here to help you and can be contacted for support at: kalina.voyvodova@dataprotection.education.

Review of previous report(s) and outstanding actions

Actions from online meeting on held on 21.10.20

To review the Data Protection Policy and Privacy Notice and ensure they include relevant information relating to Covid 19 and Track and Trace. These documents have been updated with the latest Covid guidance including Track and Trace in the Privacy Notice.

The school will review these documents again this academic year to ensure they are operating with the most up to date versions.

Actions from online meeting held on 14.9.21

In light of latest guidance from the ICO and data protection code of practice; The Children's Code (in place from 2.9.21) school to review and consider adopting the child friendly Privacy Notices available on Knowledge Bank.

Compliance checklist and documents

The compliance best practice area/checklist (<https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>) can be used to manage progress, print off reports for Trustees/Governors and support consultants during visits/remote consultations.

Actions:

- Review the best practice checklists and update information. This can be used as a dashboard, reflecting the school's progress in GDPR and shared with Governors.
- **Work away from school policy - if not already it is good practice to have one.** School to ascertain which staff work from home, what data they access and how data is handled, which will support risk management for working out of school (policy available from the compliance best practice area).
- Please check you are happy that you now have all of the initial compliance documents i.e. **SAR procedure and data breach procedure.** Do all staff understand your organisation's data breach procedure? Review the DPE consent guidance and consent forms; does data displayed around school and on the website correlate with your current documentation? Is there data still displayed of leavers?

Review of training, setting up staff and running reports

Most staff have completed their GDPR Refresher training (ICO recommend this should be completed on a 2 yearly basis).

In light of recent cyber attacks on Norfolk schools, it is recommended that other additional training modules are completed by staff:

- Staying Safe Online
- Password Security

Also discussed was the importance of the caretaker understanding/recognising a data breach, and how to mitigate risks, relevant action to take and who to report to. There is training available on Knowledge Bank.

Information security - cyber essentials and NCST training

Actions:

- As there have been some security concerns within the sector ask your IT provider to complete the cyber essentials questionnaire: <https://dataprotection.education/best-practice-library/documents/information-technology-security>
- Consider staff completing the DPE NCSC stay safe online training.

Electronic internal audit (making the rounds)

Demonstrated the online audit walk during the consultation.

Actions:

- The school has the option to complete their own end of day walk and report findings back to staff (raising awareness). A demonstration was provided at the time of the meeting.

Record of Processing (RoP) - and DPE methodology

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school – at the meeting on 21.10.20

Step 2 - a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. risk reports will shortly be available.

Some reports were demonstrated at the time of the meeting. The reporting function relies on information extracted from the third party lists which are to be provided by the school and then imported into the school's records on the DPE website. This will enable tailored Privacy Notices to be generated at the press of a button.

RoP Progress to date:

Several Finance RoPs have been completed at the meeting on 12.11.20 and a further meeting has been arranged to work with the school secretary to continue with this work.

Q&As

No further questions

Future appointments:

Wednesday 20 October at 1.30pm with Margaret Hyde to identify which Finance RoPs are complete and then prioritise further RoPs for completion.
