

School: Hertford Infants **Date:** 23/09/2021

Report: Remote consultation

DPE: James England **School member:** Mark Stevenson

Consultation details

- DPE website/best practice including: staff access-control changes and dashboard
- Discussion of wider Knowledge Bank roadmap
- E-learning Phishing simulations
- Information security - best practice area, e-learning training and cyber essentials
- Electronic internal audit (making the rounds)
- Confirm future appointment

Priorities from the consultation are detailed below:

DPE website/best practice including staffing changes

Actions:

- News users should now be on the platform following bulk upload issues at start of term.
- User management now including granular report and tool access
- DPE to improve notification of updates and changes

Compliance checklist and documents

DPE is happy to review documents including updated Data Protection Policy, Privacy Notices, SAR and Breach Procedures.

Progress and checks can be done using the compliance best practice area/checklist

(<https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>)

which can be used to manage progress, print off reports for Trustees/Governors and support consultants during visits/remote consultations.

Publication scheme: Check to identify if the school has a publication scheme and FOI policy. **The updated guidance can be obtained from:**

<https://dataprotection.education/news-top/news/83-best-practice-updates/182-model-publication-scheme-amendments-improvements-and-updates>

Updated publication schemes can be obtained from:

<https://kb.dataprotection.education/index.php/best-practice-library/best-practice/freedom-of-information>

Review of training, setting up staff and running reports

Actions:

- e-learning - staff to complete GDPR 101. Data Breach and SAR learning nuggets are also recommended, followed by NCSC Stay Safe Online.
- certificate module can be used for offline / group training records

Information security - cyber essentials and NCST training

Actions:

- As there have been some security concerns within the sector you may wish to consider the Information Security Policy and best practice area:
<https://dataprotection.education/index.php/best-practice-library/best-practice/information-security>
- Consider staff completing the DPE NCSC stay safe online training.

Electronic internal audit (making the rounds)

- This has been demonstrated. Suggest this is introduced as part of internal leadership checks

Record of Processing (RoP) - and DPE methodology

We will start to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school.

Step 2 - a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. risk reports will shortly be available. We would welcome a list of suppliers/services and software to start populating the core-date lists and to undertake any necessary due diligence.

Next call:

24 November 10:00 (Logged in Knowledge Bank)

To review progress and to plan introduction of further Knowledge Bank tools amongst leadership.
