We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school. This was provided at the online meeting of 29.9.21.

Step 2 - a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. risk reports will shortly be available.
