

School: Attleborough Primary

Date: 05/10/2021

Report: Record of Processing - Online Meeting

DPE: Linda Mortimer

School member: Susie Willingham

Consultation details

- Federation with local primary school – how this will impact on GDPR management
- Review of progress with items highlighted at previous meeting on 10.6.21
- Introduction of the Children's Code
- Changes to the dashboard – new look and archived information and Making the Rounds template
- Progress with RoPs
- Example of a generic HR RoP
- Q and As

Federation with Rosecroft Primary

On the 1 September 2021, Attleborough Primary and Rosecroft Primary federated to become the Attleborough and Rosecroft Primary Federation. Gaye Long is the Executive Headteacher and key school staff are now working across both sites. Rosecroft is a 3 form entry with approx. 500 students on role and Attleborough remains a 2 form entry.

Susie would like access to Rosecroft's Knowledge Bank dashboard, to check training records etc. LM will ask Kalina to speak to the school to help set this up.

Priorities from the consultation on 10.6.21

Attleborough has now adopted the latest DPE model Data Protection Policy as well as the child friendly Privacy Notices.

Priorities from the consultation are detailed below:

Cyber Security - In light of increased cyber security risk to all schools, Susie will request the school's IT Technician to complete the Cyber Essentials Questionnaire.

Cyber Security Training - LM recommends that all staff complete the NCSC Staying Safe Online course, available on Knowledge Bank. This will help ensure that all staff have increased awareness of cyber security.

Phishing Emails – the school has recently received phishing emails. Although not discussed at the time of the meeting, DPE are about to launch phishing email training, whereby the school can 'safely' check their staffs understanding of what a phishing email looks like, and gauge how they respond.

The Children's Code – is a new Code of Practice, which came into force on the 2.9.21 and applies to educational technology providers, apps and games providers as well as social media platforms such as Facebook, Instagram, TikTok and Whatsapp. The code has been introduced to ensure that suppliers of such platforms abide by regulations which will safeguard the use of children's personal data, whilst ensuring that age-appropriate communication is used.

The ICO's full statement on the Children's Code, can be accessed under the News section on Knowledge Bank.

Making the Rounds – is an electronic template which can be used on a tablet, to monitor GDPR compliance throughout the school site. This was demonstrated at the time of the meeting and suggested that to save time, it could be completed at the same time as other audits ie H&S audit and perhaps include representation from the governing body.

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool has been provided to the school. Further meetings have taken place to support the school in completing relevant financial RoPs. Susie has completed the tailoring of previously prioritised finance RoPs and is now ready to move on to HR related RoPs.

Step 2 - a more in depth look at HR RoPs took place at the time of this meeting, with key process owners and noting of specific software that is used in this area of school management.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

At the time of the meeting held on the 5.10.21 the following HR RoPs was prioritised and completed:

HR10 Managing the recruitment process

GDPR Compliance - Next Steps

Susie will review the HR RoP completed at the time of the meeting on 5.10.21 and endeavor to complete other HR RoPs.

Susie is going to establish Rosecroft's level of GDPR compliance with the aim that both school's compliance is in line and that training and key policies are up to date.

A further meeting has been arranged for Tuesday 25 January at 10.30am. This meeting will be a general GDPR update and include both the Headteacher and school secretary.
