

School: South Wootton Infant School

Date: 07/10/2021

Report: Remote consultation and RoP Review

DPE: Linda Mortimer

School members: Sarah Cosby, School Secretary

Consultation details (GDPR refresh)

- Review of actions from previous meeting – online meeting of 10.11.20
- DPE website/best practice including: staffing changes and updating on the DPE website
- Compliance & Checklist - Data Protection Policy and Privacy Notices, Child Friendly Privacy Notice
- The Children's Code
- Review of training and running reports
- Information security update - cyber essentials and NCSC training
- Electronic internal audit template (making the rounds) demonstration
- Record of processing (**RoP**) update and next steps
- Confirm future appointments
- Q and As

Review of previous action from online meeting held on 10.11.20

The school will review their current Data Protection Policy and Privacy Notice and consider updating to DPE's latest version of these documents. This was agreed at the time of the meeting on 7.10.21.

The school was considering whether to use Pupil Asset for receiving online payments managing school trip payments and milk money. The school has not implemented this at the time of the meeting on the 7.10.21.

DPE website/best practice including news updates

The Dashboard - There is a new look to the dashboard and previous details relating to Tickets / SARs / Data Breaches / FOIs have been archived, but can still be accessed in the same way.

Compliance Checklists - The school will work with Lindsey Smith who will provide support in completing some of the outstanding Compliance Checklists. Once updated, the dashboard produced, showing progress with the Compliance Checklists can be a useful source of data for Governors.

The Children's Code - This is a new code of practice which came in to force on the 2.9.21. The code has been created to protect the use of children's personal information and impacts on security measures that are required in applications relating to Education Technology providers as well as online games/platforms used by children, as well as Facebook, Tik Tok, Instagram, Whatsapp and other social media.

The full ICO statement on The Children's Code can be read via a link available on Knowledge Bank under the News section. It is worth noting that The Children's Code is otherwise known as "Age Appropriate Design Code", which further supports the ICO's requirements for child friendly Privacy Notices to be adopted by schools. DPE's Child Friendly Privacy Notices can be downloaded from the Best Practice Resource Area – under the heading of 'Transparency'.

Review of training & Cyber Security

Most school staff have completed their GDPR 101 training and will be due to take the GDPR Refresher training in Spring Term 2022 (The ICO recommends refresher training should take place on a 2 yearly basis).

In light of recent cyber-attacks on Norfolk schools and the ICO recognising that schools are at increasing risk from such attacks, DPE recommends that NCSC Staying Safe Online training is completed by all staff.

Training records were reviewed at the time of the meeting and most staff have completed the NCSC Staying Safe Online course in March 2020. However, it is recommended that cyber security is kept in the forefront of everyone's mind and the issue raised at staff meetings.

DPE recommend that all schools check with their IT support provider that their software and hardware systems are robust and ask that their provider completes the following Cyber Essentials Questionnaire:

Information security - cyber essentials

Actions:

- As there have been some security concerns within the sector ask your IT provider to complete the cyber essentials questionnaire: <https://dataprotection.education/best-practice-library/documents/information-technology-security>

Phishing Tools - DPE are currently developing phishing tools, where the school can run tests to see how staff respond to phishing emails. These will be available shortly, and Lindsey will demonstrate when she meets online with the school later this term.

Electronic Internal Audit Template - Making the Rounds

An important part of visiting schools had been to carry out an audit walk of the school with this in mind there is now an online tool 'Making the Rounds' available on Knowledge Bank, which allows schools to self-audit the school premises. This was demonstrated at the time of the meeting on 7.10.21.

Record of Processing (RoP) - and DPE methodology

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - The school will work with LM to prioritise finance related RoPs and tailor them to reflect the actual practice at South Wootton Infants.

Step 2 – A more in depth look at RoPs relating to HR management took place at the time of the meeting on the . A further meeting will be arranged to complete a suite of HR RoPs.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. a detailed Retention Schedule will shortly be available from Knowledge Bank.

The following RoP was completed at the time of the meeting on 07.10.21.

FIN09M Reconciliation of the Monthly Payroll

Future Meetings

A further meeting has been booked for Tuesday 18 January at 10.30am. The meeting will involve the Headteacher and School Secretary and will focus on general GDPR compliance, staff training, progress with the RoP and any other relevant GDPR related items appropriate at the time.
