

School: North Denes Primary School **Date:** 04/10/2021

Report: Remote consultation

DPE: Stuart Lee **School member:** Hayley Ramsby (HR)

Consultation details

- DPE website/best practice including: staffing changes and updating on the DPE website
- Compliance (documents)
- Review of training and running reports
- Information security - best practice area, e-learning training and cyber essentials
- Electronic internal audit (making the rounds)
- Record of processing (RoP) update and next steps
- Confirm future appointments and/or RoP session(s)

North Denes Primary School has recently moved to a new build on the same site as the original building. Buildings are secure and teaching areas have built in storage/cupboards. CH had previously attended a site move DPE workshop with colleagues from other schools where different data risks to moving buildings were discussed: <https://dataprotection.education/index.php/best-practice-library/best-practice/site-moves>

The school has always taken a proactive approach to GDPR compliance.

The meeting allowed for onsite introductions with the new SBM (HR) who will now take over GDPR responsibilities from CH. In addition to providing an overview of the DPE website; SAR/breach log and best practice areas, part of the focus for the visit was to complete an afterschool walk with HR and update the 'making the rounds' log. **Discussions from the consultation are detailed below:**

DPE website/best practice including staffing changes

- Set up new staff on the DPE website and delete leavers: DPE dashboard>users>add staff. Kalina at DPE (client support) is here to help you and can be contacted for support at: kalina.voyvodova@dataprotection.education.

Compliance documents

- Adopt the latest **DPE Privacy Notices**. There are now separate Privacy Notices for: Workforce, General and Students and there is now a child friendly notice. In addition, update the documentation on the school website (sent school updated notices June 21).
- Please check you are happy that you now have all of the initial compliance documents i.e. **SAR procedure and data breach procedure**. Do all staff understand your organisation's data breach procedure? Review the DPE consent guidance and consent forms; does data displayed around school and on the website correlate with your current documentation? Is there data still displayed of leavers?

- **Publication scheme:** Check to identify if the school has a publication scheme and FOI policy. The updated guidance can be obtained from: <https://dataprotection.education/news-top/news/83-best-practice-updates/182-model-publication-scheme-amendments-improvements-and-updates>

Updated publication schemes can be obtained from:

<https://kb.dataprotection.education/index.php/best-practice-library/best-practice/freedom-of-information>

Example website with GDPR layout that can be useful to map against:

<https://www.trowseprimaryschool.co.uk/key-information/gdpr>

Review of training, setting up staff and running reports

Actions:

- Review additional training modules to be completed by staff (GDPR refresh and NCSC etc).
- Consider staff completing the DPE NCSC stay safe online training.

How to assign courses to Staff: Navigate from **Dashboard** - scroll down to **Administration** - **Reports** select **Course Enrolment** from drop down - 1) **Select course eg. GDPR Refresh** - 2) **School,3) Incomplete, 4) Unenrolled.**

Tick off the box on top left of the list to select all staff and click on Send Email blue button on top of page. Type in your message (no pre-selected text): for example instructions - go to [www.dataprotection.education](https://dataprotection.education), login and go to My Activities - My Courses - Start Course or copy and paste link to GDPR Refresh: <https://dataprotection.education/courses-heading/gdpr-refresh>

Electronic internal audit (making the rounds)

Completed an end of day walk using the 'making the rounds' electronic form with HR. School to update and add any additional actions taken: Dashboard>My activities>Making the rounds>DPE feedback and actions taken tab.

Record of Processing (RoP) - and DPE methodology

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school - completed: 4/10/21

Step 2- a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. risk reports will shortly be available.
