

School: The Saints Federation Date: 19/10/2021

Report: Remote consultation

DPE: Stuart Lee School member: Mark Macullum

Consultation details

1. DPE website/best practice including: staffing changes and updating on the DPE website
2. Compliance (documents) and checklists
3. Electronic internal audit (making the rounds)
4. Record of processing (RoP) update and next steps
5. Confirm future appointments and/or RoP session(s)

Priorities from the consultation are detailed below:

1. DPE website/best practice including staffing changes and training

Actions:

- Set up new staff on the DPE website and delete leavers: DPE dashboard>users>add staff, either manually or bulk import. Kalina at DPE (client support) is here to help you and can be contacted for support at: kalina.voyvodova@dataprotection.education.
- Review training modules to be completed by staff (GDPR refresh and NCSC etc) and send staff guidance/deadline for completing. Discussed cyber risks in the sector and recommended that the NCSC training is completed.
- Add GDPR training as part of the induction process for new staff.

2. Compliance checklist and documents

The compliance best practice area/checklist (<https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>) can be used to manage progress, print off reports for Trustees/Governors and support consultants during visits/remote consultations.

Actions:

- Update the compliance checklist.
- Update the **Privacy Policy** to the latest DPE version - **attached**.
- Adopt the latest **DPE Privacy Notices**. There are now separate Privacy Notices for: Workforce, General and Students and there is now a child friendly notice. In addition, update the documentation on the school website - **attached**.
- **Work away from school policy - if not already it is good practice to have one**. School to ascertain which staff work from home, what data they access and how data is handled, which will support risk management for working out of school (policy available from the compliance best practice area).
- Please check you are happy that you now have all of the initial compliance documents i.e. **SAR procedure and data breach procedure**. Do all staff understand your organisation's data breach

procedure? Review the DPE consent guidance and consent forms; does data displayed around school and on the website correlate with your current documentation? Is there data still displayed of leavers?

Example of a school with a GDPR section on their website site that can be referred to as to layout is:
<https://www.trowseprimaryschool.co.uk/key-information/gdpr>

3. Electronic internal audit (making the rounds)

Demonstrated the online walk during the consultation. The school has the option to complete their own end of day walk and report findings back to staff (raising awareness). SL set up an audit log for Hapton school during the consultation. Mark to complete an audit walk later this term (2021) across the federation.

4. Record of Processing (RoP) - and DPE methodology

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school.

Step 2- a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. risk reports will shortly be available.

Actions:

- DPE to continue to populate generic processes and MM to look at with SL at the next appointment.

5. Future appointments

Zoom appointment arranged for: **9 March 2022 - 10.30 AM.**
