Introduction to Lindsey Smith

Lindsey will be providing support to Norfolk school's with their general GDPR compliance. This will include review of current policies including the school's Data Protection Policy, Privacy Notices, Child Friendly Privacy Notices and also completion of the Compliance Checklists. Lindsey will make an appointment to work with the Headteacher prior to the Governors meeting in November.

Knowledge Bank

Some historical information relating to Tickets, SARS, Data Breaches and FOIs, has been archived on the dashboard but the information is still easily accessible.

Access to Training Records

GDPR 101 has been completed by all staff, however the ICO recommend that a refresher is completed every 2 years. A 20-minute refresher course is available on Knowledge Bank.

Cyber Security

In July we saw a 142% increase in cyber attacks on Norfolk Schools. The ICO now recognise that the education sector is under the greatest threat of such attacks going forward. As a result DPE recommend that all staff complete the Staying Safe Online course available on Knowledge Bank.

Phishing Tool - DPE are developing a number of Phishing simulations which will be available later this term. This will allow a school to test their staff's awareness of phishing emails in a safe manner.

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school was provided at the online meeting on the 14.4.21

Step 2- at the time of the meeting on the 25.5.21 a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data. Please see list below of all Finance RoPs completed by the end of this meeting.

Step 3 – at the time of the meeting on the 19.10.21 the school started to tailor HR RoPs.

At the meeting on the 19.10.21 the following RoPs were completed:
