5. Record of Processing (RoP) - and DPE methodology

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school - **completed: 02/11/21.**

Step 2 - a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Note: Generic processes now available for the school and RoP specific sessions available for key staff on request. Key staff who were going to originally be involved have now left the school. The RoP will be revisited at some point in the future. Agreed to wait until potential changes have been finalised.

Q1: Louise queried the subscription end period and thought this ran out shortly. SL believed this to be February 2022. Lousie to follow up with JE.

Q2: GDPR introductory text. Should this be updated on the school website - does DPE have updated text? SL: this is fine for now but SL will follow up with JE regarding if this should be updated and inform schools if need be.
