

School: St Andrews, Aylmerton

Date: 11/11/2021

Report: Remote consultation

DPE: Linda Mortimer

School member: Carol Keable, Headteacher & Julie Jackson, Assistant Headteacher

Consultation details

- DPE website – changes to dashboard, managing staff changes
- The Children’s Code – “Age appropriate design code”, child friendly Privacy Notices
- Compliance Checklists
- Cyber Security
- Compliance update – review of policies, completing third party core data lists
- Review of training
- Making the rounds – demonstration of electronic audit template
- Review of the school’s progress to date with populating the RoP and reporting functions

DPE website/best practice including news updates

The Dashboard - There is a new look to the dashboard and previous details relating to Tickets / Data Rights Log (formerly known as SARs)/ Data Breaches / FOIs have been archived, but can still be accessed in the same way.

Managing staff changes - To set up new staff on the DPE website and delete leavers go to DPE dashboard>users>add staff, either manually or bulk import. Kalina at DPE (client support) is here to help you and can be contacted for support at: kalina.voyvodova@dataprotection.education

The Children’s Code - This is a new code of practice which came in to force on the 2.9.21. The code has been created to protect the use of children’s personal information and impacts on security measures that are required in applications relating to Education Technology providers as well as online games/platforms used by children, as well as Facebook, Tik Tok, Instagram, Whatsapp and other social media.

The full ICO statement on The Children’s Code can be read via a link available on Knowledge Bank under the News section. It is worth noting that The Children’s Code is otherwise known as “Age Appropriate Design Code”, which further supports the ICO’s requirements for child friendly Privacy Notices to be adopted by schools.

DPE’s Child Friendly Privacy Notices can be downloaded from the Best Practice Resource Area – under the heading of ‘Transparency’.

Compliance Checklists - The school will work with Lindsey Smith who will provide support in completing some of the outstanding Compliance Checklists. Once updated, the dashboard produced can be used to manage progress and demonstrate compliance with the GDPR. This is also a useful source of data for Trustees. Compliance Checklists can be accessed on the following link:

(<https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>)

Cyber Security

There were a number of cyber-attacks experienced by Norfolk Schools in Summer 2021, with a 142% increase in the month of July alone. The ICO have also recognised that the Education Sector is now at the greatest risk of such attacks and as a result DPE recommend the following actions:

Schools ask their IT Technician provider to complete the Cyber Essentials questionnaire

<https://dataprotection.education/best-practice-library/documents/information-technology-security>

Staff Training - DPE recommend that key staff complete the Staying Safe Online training, available on Knowledge Bank as well as Password Security.

Phishing Simulations – DPE have designed a number of phishing simulations which will be available shortly on Knowledge Bank. These will help schools check their staff's awareness and resilience at recognizing anything that may be detrimental to the school's information / data security – such as accessing emails that lead to ransomware-attacks and cyber-attacks.

Compliance Update – review of policies

The school's Data Protection Policy is due for review in December 2021. LM suggests that the school adopts the DPE latest version – V1.9. LM also suggests that the Privacy Notice is reviewed at the same time to keep the consistency of these documents.

In the near future the school will be able to generate its own Privacy Policy pulling information from the Core Data Lists (formerly referred to as master lists). LM will send Julie an example list of third parties, commonly used by Norfolk schools. LM will be able to upload the details of the schools third parties once the school has highlighted which ones on the list the school uses and also add details of suppliers not on the original list. Once this information is entered into Knowledge Bank the Privacy Notices can be generated.

Review of Training

LM demonstrated how to use the dashboard to identify training that has been completed and also note training that is outstanding. The ICO recommends that the GDPR 101 is included in the new staff induction process and that a refresher is completed every 2 years. A GDPR 20-minute refresher is available on Knowledge Bank.

Julie will write up a training plan for the next Inset which is likely to include Staying Safe Online and Password Security.

Making the Rounds (Electronic Audit Template)

This was demonstrated at the time of the meeting. The school has requested an electronic copy of this document. LM will supply this although it may not be exactly the same as the online version.

Record of Processing (RoP) - and DPE methodology

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school – this was carried at the time of the meeting on the 20.5.21.

Step 2 - a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data – this was carried out at the time of the meeting on the 11.11.21.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: reporting functions were demonstrated eg Retention Schedule.

RoP Progress to date:

The following RoPs were tailored and completed to reflect the actual practice at St Andrews:

HR09	DBS Checks - Staff and Contractors
HR04	Creating the Personnel File
HR02	Processing and Shortlisting Candidates
FIN11	Financial Audit
