

School: Ashill VC Primary

Date: 16.11.2021

Report: Record of Processing - Online Meeting

DPE: Linda Mortimer

School member: Carol Butters

Consultation details

- Review of actions recommended from previous meeting on 30.9.21
- DPE Website – managing staff changes, reporting functions
- Consideration of new business processes to be introduced in next financial year
- Compliance Checklists
- Cyber Security
- Compliance update – review of policies, completing compliance checklists
- Review of training
- Making the rounds – demonstration of electronic audit template
- Review of the school's progress to date with populating the RoP and reporting function

Actions from previous meeting – review of The Children's Code

The Children's Code – a new code of practice from the 2 September 2021. DPE recommend that Headteachers and leadership familiarise themselves with this new code of practice. Information can be found under the News section on Knowledge Bank, which provides a link to the ICO's full statement on The Children's Code.

DPE website – managing staff changes / reporting functions / news updates

The Dashboard - There is a new look to the dashboard and previous details relating to Tickets / Data Rights Log (formerly known as SARs)/ Data Breaches / FOIs have been archived, but can still be accessed in the same way.

Managing staff changes - To set up new staff on the DPE website and delete leavers go to DPE dashboard>users>add staff, either manually or bulk import. Kalina at DPE (client support) is here to help you and can be contacted for support at: kalina.voyvodova@dataprotection.education

Consideration of New Business Processes

If the school is thinking about introducing any new processes ie parent online payment system in time for the new financial year or changing the school's management information system, it is worth thinking now of the due diligence checks that should be taken to protect the school and how it shares personal information.

A supplier checklist can be found on Knowledge Bank and it is best practice to complete such questions prior to signing up to a new provider. Help can be obtained from DPE if required.

The DPE website will soon be including a Best Practice area to support schools in the process of changing third party providers detailing the necessary checks that should be considered and prompting thoughts about related risks.

Compliance Checklists - The school will work with Lindsey Smith who will provide support in completing some of the outstanding Compliance Checklists. Once updated, the dashboard produced can be used to manage progress and demonstrate compliance with the GDPR. This is also a useful source of data for Governors. Compliance Checklists can be accessed on the following link:

(<https://dataprotection.education/index.php/best-practice-library/best-practice/commitment-to-compliance>)

Cyber Security

There were a number of cyber-attacks experienced by Norfolk Schools in Summer 2021, with a 142% increase in the month of July alone. The ICO have also recognised that the Education Sector is now at the greatest risk of such attacks and as a result DPE recommend the following actions:

Schools ask their IT Technician provider to complete the Cyber Essentials questionnaire

<https://dataprotection.education/best-practice-library/documents/information-technology-security>

Staff Training - DPE recommend that key staff complete the Staying Safe Online training, available on Knowledge Bank as well as Password Security.

Phishing Simulations – DPE have designed a number of phishing simulations which will be available shortly on Knowledge Bank. These will help schools check their staff's awareness and resilience at recognising anything that may be detrimental to the school's information / data security – such as accessing emails that lead to ransomware-attacks and cyber-attacks.

Compliance Update – review of policies

LM queried whether the school's Data Protection Policy is due for review as it is showing as V1.4 and the most up to date is V1.9. Should the school wish to update its DP Policy, LM also suggests that the Privacy Notice is reviewed at the same time to keep the consistency of these documents. Go to Best Practice Library/Transparency/Model Notices.

Please note that a child friendly Privacy Notice is also available on Knowledge Bank, as recommended by the ICO. Go to Best Practice Library/Transparency/Child Friendly Privacy Notices.

Review of Training

LM demonstrated how to use the dashboard to identify training that has been completed and also note training that is outstanding. Go to Dashboard/Reports/Select Report/Single Course/Select name of relevant training course.

The ICO recommends that the GDPR 101 is included in the new staff induction process and that a refresher is completed every 2 years. A GDPR 20-minute refresher is available on Knowledge Bank.

On checking the school's training record on Knowledge Bank it was identified that there are very minimal training records in place. If the school has chosen to opt for external GDPR training this can be recorded centrally on Knowledge Bank. Kalina will provide advice on how to achieve this.

Action: School to confirm if they have used another GDPR training provider and may choose to work with Kalina to upload training records to Knowledge Bank.

Making the Rounds (Electronic Audit Template)

This electronic template facility was demonstrated at the time of the meeting and provides the school with the option of making its own record of GDPR audit findings. Go to My Activities/Making the Rounds/Add Log.

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school was provided at the online meeting on the 12.7.21 & 30.9.21.

Step 2 - at the time of the meeting on the 16.11.21 a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions will take place, to support schools with further individual sessions as needed.

At the meeting on the 12.07.2021

An overview was provided of FIN09, Reconciling the monthly payroll and the master lists were demonstrated

At the meeting on the 30.09.2021

The following RoPs were completed:

FIN09	Reconciliation of the monthly payroll report
FIN14	Budget Setting
FIN05	Payroll process – overtime and expense claims
FIN06	Payroll process – leavers

At the meeting on the 16.11.2021

The following RoPs were completed:

FIN07	Financial Audit
FIN24	Setting up a BACS Payment for a Supplier
FIN15	Payroll process – contract changes
HR09	DBS Checks for Staff and Contractors

A further meeting has been arranged for 1.3.22 at 10.00am. General GDPR meeting with the Headteacher and School Secretary.
