

School: Caister Federation Date: 10/11/2021

Report: Remote consultation

DPE: Stuart Lee School member: Andrea Dix

Consultation details

There was a crossover with DPE services continuing and previous providers services closing. Some details on the website therefore still contained the previous provider's information. This will be changed shortly. Rollesby will be joining the federation in January 2022 when a new governing body will also be formed. Main discussions from the consultation are detailed below:

1. DPE website/best practice including: staffing changes and updating on the DPE website
2. Compliance (documents) and checklists
3. Review of training, running reports and information security
4. Electronic internal audit (making the rounds)

1. DPE website/best practice including staffing changes

Actions:

- Set up new staff on the DPE website, update emails and delete leavers: DPE dashboard>users>add staff, either manually or bulk import. Kalina at DPE (client support) is here to help you and can be contacted for support at: kalina.voyvodova@dataprotection.education.

2. Compliance checklist and documents

Actions:

- Update the **Privacy Policy** to the latest DPE version. - **attached**.
- Adopt the latest **DPE Privacy Notices**. There are now separate Privacy Notices for: Workforce, General and Students and there is now a child friendly notice. In addition, update the documentation on the school website (available from the compliance best practice area) - **attached**.
- Please check you are happy that you now have all of the initial compliance documents i.e. **SAR procedure and data breach procedure**. Do all staff understand your organisation's data breach procedure? Review the DPE consent guidance and consent forms; does data displayed around school and on the website correlate with your current documentation? Is there data still displayed of leavers? **Ideally you will now have the following documents displayed within the GDPR section of the federation/school website:**
 - GDPR policy
 - Privacy notices
 - SAR procedure
 - Data breach procedure
 - Third party list
 - Consent guidance/withdrawal

If not already, it is also advisable to have the following documents:

- **Work away from school policy.**
- **Publication scheme:** Check to identify if the school has a publication scheme and FOI policy. The updated guidance can be obtained from:
<https://dataprotection.education/news-top/news/83-best-practice-updates/182-model-publication-scheme-amendments-improvements-and-updates>

Updated publication schemes can be obtained from:

<https://kb.dataprotection.education/index.php/best-practice-library/best-practice/freedom-of-information>

BCR - Andrea to check if the current BCR includes data risk.

3. Review of training, running reports and information security

Actions:

- Review additional training modules to be completed by staff (GDPR refresh etc).
- As there have been some security concerns within the sector, consider staff completing the DPE NCSC stay safe online training. National Cyber Security Centre (NCSC) school resources can be located here:
<https://www.ncsc.gov.uk/information/resources-for-schools>

Note: Andrea confirmed that the federation is identifying the best method to deliver data protection training possibly, during Easter INSET.

4. Electronic internal audit (making the rounds)

Demonstrated the online walk during the consultation. The school has the option to complete their own end of day walk and report findings back to staff (raising awareness).
