

Trust: Unity Trust

Date: 24/11/2021

Report: Record of Processing - Online Meeting

DPE: Linda Mortimer

School members: Julie Southgate, HR Officer

Consultation details

- Overview of the Trust's requirement to comply with Article 30 of the GDPR
- How the personal information is mapped using DPE's RoP tool
- Creating relevant RoPs to reflect the Trust's practices – concentrating on the archiving of HR records
- Other considerations regarding archiving of HR records in light of staff with 'ongoing concerns'
- Q and As

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your Trust's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to HR management of the Trust – this was carried out at the meeting on the 14.9.21.

Step 2 - a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data – this was completed at the time of this meeting.

Discussions were held regarding retention guidelines used by the Trust and how this differs for staff who may have been subject to Safeguarding / Employment Tribunal / Formal Warnings. The Trust has robust systems in place for managing staff records noted as having 'ongoing concerns' and these are reflected in the new RoP.

Note: a number of reporting functions are available via the RoP tool and include a detailed retention schedule as well as details of the lawful basis for process.

RoP - Progress to date

At the time of this meeting on the 24.11.21 a review was undertaken to identify which RoPs would be relevant to reflect the practice at Unity. The following RoP has been created and tailored to reflect the actual practice at Unity Trust:

- HR26 Archiving HR Files
