

School: Holly Meadows Primary School

Date: 01/12/2021

Report: Record of Processing - Online Meeting

DPE: Linda Mortimer

School members: Gemma Whiley, Finance Officer

Consultation details

- Overview of the school's requirement to comply with Article 30 of the GDPR
- How the personal information is mapped using DPE's RoP tool
- Example of a generic RoP
- Demonstration of the master lists, including roles, IT hardware and software
- Reporting functions of the RoP
- DPE online workshops
- Q and As

An overview of the RoP was provided and the schools requirements to comply with Article 30 of the GDPR. A demonstration was given this tool can be used to help with business continuity, risk management and accessing retention records easily when it is fully completed.

In completing the records in the RoP the school will be able to demonstrate its compliance with the GDPR as it will detail organisational and technical measures that are in place to ensure the safeguarding of personal information processed by the school.

Reporting Functions of the RoP

These were demonstrated to Gemma at the time of the meeting on the 1.12.21 and included a details of how to produce a Retention Schedule. The Retention Schedule is accessed by going to the main Dashboard / select My Activities / go to Generated Documents.

Also at the time of this meeting Gemma was shown how to produce individual Risk Assessments which can be generated for each task recorded in the RoP. This can be achieved by going to the 'select document ' box at the side of each RoP, and then selecting 'process risk report'.

An overview was also provided regarding how the RoP tool is being developed and schools will be able to eventually produce reports showing roles and responsibilities in relation to the specific tasks included in the RoP.

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school – this was completed at the time of the meeting on 1.12.21.

Step 2 - a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

This will take place at the time of the meeting confirmed for Tuesday 8 February at 1.30pm.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions are available via the RoP tool and include a detailed retention schedule as well as details of the lawful basis for process. The tool is still being developed and will shortly be able to produce risk reports.

RoP - Progress to date

At the time of this meeting, the following RoPs were reviewed, amended and tailored to reflect the actual practice at the school:

- FIN09 Reconciliation of monthly payroll
- FIN13 New Starter information

Next Steps

At the time of the meeting on 8.2.22, LM will work with Gemma to prioritise and complete the tailoring of other high risk RoPs.
