

School: Sheringham Primary

Date: 02/12/2021

Report: Remote consultation and RoP Review

DPE: Linda Mortimer

School members: Zoe Law, Senior Finance Officer

Consultation details

- Considerations regarding new business processes and due diligence - new best practice area on DPE Knowledge Bank
- Information and cyber security – new best practice area on DPE Knowledge Bank
- Training update – free online GDPR training available on 4 and 5 January 2022
- Reporting functions from the RoP
- Record of processing (RoP) update and next steps
- Confirm future appointments and/or RoP session(s)
- Q and As – response from DPE

Considerations re new business processes

If any new processes involving the processing of personal data are to be introduced, it is essential to consider due diligence checks that should be taken to protect the school and how it shares personal information.

A supplier checklist can be found on Knowledge Bank and it is best practice to complete such questions prior to signing up to a new provider.

The DPE website now includes a Best Practice area to support schools in the process of changing/introducing new third party provider detailing the necessary checks that should be considered and prompting considerations regarding related risks.

Schools can contact their DPE consultant for support if they have any concerns regarding new business processes / third party providers.

Information & Cyber Essentials

DPE's new Best Practice area - dedicated to information security. In this area schools can find many useful documents, links and resources. [Information Security \(dataprotection.education\)](https://dataprotection.education)

In this area you will find a link to DPE's Cyber Essential Guidance, which is there to help schools have a more comprehensive understanding of how they can secure their school network and their hardware. It also explains how the school can gain self-certification in Cyber Essentials.

Training update – free online training

On the 4 and 5 January 2022, DPE are running free GDPR / Inset training webinars – information is available on the link from the main DPE dashboard.

If the school has used external training in the past or carried out group training, records of the training completed can be easily uploaded to Knowledge Bank. Kalina at DPE (client support) is here to help you and can be contacted at: kalina.voyvodova@dataprotection.education

Reporting functions now available from the RoP

The Retention Schedule is now available by accessing My Activities / Generated Reports / select Retention Schedule.

A Risk Report is also available for each RoP that has been processed. Go to the RoP Manager and access the relevant RoP where you would like to produce a risk report. Go to the 'Select Document' box and click on drop down / Process Risk Report.

Record of Processing (RoP) - and DPE methodology

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - The school has now completed the majority of relevant RoPs relating to financial management.

Step 2 – A more in depth look at RoPs relating to HR management took place at the time of the meeting on the 21.9.21 when HR01 and HR05 were completed

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions i.e. risk reports will shortly be available.

The following RoPs were completed at the time of the meeting on 2 December 21:

HR06	New Starter Procedure
HR10	Managing the Recruitment Process
HR21	Setting up the Employment Contract
HR24	Staff Data Collection

Q&As

A further meeting has been arranged with Zoe, Charan Martin and Linda Mortimer, for 8.12.21 to discuss HR File retention in light of NCC guidance on HR retention and the Goddard enquiry.
