

School: Scarning Primary

Date: 18/01/2022

Report: Record of Processing - Online Meeting

DPE: Linda Mortimer

School member: Claire Leadley

Consultation details

- Overview of the school's requirement to comply with Article 30 of the GDPR
- How the personal information is mapped using DPE's RoP tool
- Example of a generic RoP for a local authority school
- Q and As

Priorities from the consultation are detailed below:

Claire is new in her role as Finance Officer at Scarning Primary, although she has carried out a very similar role at the Pre-School.

It is worth noting that the Scarning Primary is designated as a Local Authority school and as such works under greater financial scrutiny from the Local Authority. The school's financial and HR management is therefore more complex and requires robust and transparent procedures in place as well as consideration given to the volume of personal information handled by the school.

Record of Processing (RoP) - methodology and where we are at

We will continue to work with you and demonstrate how the RoP can be adapted to reflect your school's individual practice.

Step 1 - a general introduction to the RoP tool with a brief overview of the generic process relating to financial/management of the school.

Step 2- a more in depth look at the RoP with key process owners and how completing the master lists will ensure the school reflects the technical measures and procedures it has in place to safeguard personal data.

Step 3 – online workshops and group sessions to support schools with further individual sessions as needed.

Note: a number of reporting functions are now available and will be demonstrated at the time of the next meeting.

RoP - Progress to date

At the time of this meeting, the following RoPs were reviewed, amended and tailored to reflect the actual practice at the school:

FIN09M	Reconciliation of monthly payroll report
FIN14M	Budget Setting

RoP - Next Steps

School to review the third party list emailed with this report.

Please highlight the third parties used by the school and return to the report to DPE

This information will then be imported by DPE to your school's records on Knowledge Bank.

Details of the third parties will then appear in your organisation's RoP as a list when adding third party suppliers.

A further meeting has been arranged for:

Tuesday 15 March at 1.30pm

The focus of this meeting will be to:

Provide support in completing further financial RoPs and using a risk-based approach, to prioritise HR RoPs for completion.
