

School: Woodside Lodge OLC

Date: 17/03/2022

Report: Record of Processing - Online Meeting

DPE: Linda Mortimer

School member: Victoria Barker

Consultation details

- Actions identified at previous meeting on 10.2.22
- Example of a generic HR RoP
- Future meetings

Review of previous report(s) and outstanding actions

Actions:

Level of Access to Knowledge Bank - Victoria is to check with Mike Sherwood whether she should have full administrator rights on Knowledge Bank

Compliance Documents - Woodside's Data Protection Policy and Privacy Notice are both dated June 2021 – are these to be reviewed in June 2022. If so, LM recommends that Woodside adopt the latest versions of these documents available on Knowledge Bank under the Best Practice area/Resources/Policies, Procedures, Forms.

Information and Cyber Security – Victoria is going to refer Mike Sherwood to this Information Security area on Knowledge Bank, for his information.

Victoria is also going to discuss DPE's Staying Safe Online training with Rebecca, to plan how this can be rolled out to relevant staff. This will help mitigate the risk of being vulnerable to phishing emails.

Victoria will also check with Rebecca that GDPR training is included in all staff induction and that GDPR refreshers are completed by all staff on a 2 yearly basis.

Record of Processing (RoP) – reporting functions

A Retention Schedule can be produced by accessing the main Dashboard / select My Activities / go to Generated Documents.

Individual risk reports can be generated for each task recorded in the RoP. This can be achieved by going to the 'select document' (box at the side of each RoP), and then selecting 'process risk report'. This information can be copied into a Word document.

RoP - Progress to date

At the time of the previous meeting on the 10.2.22 all Finance RoPs, originally assigned to Woodside's RoP manager, were completed.

At the time of this meeting, the generic HR RoPs assigned to Woodside's RoP Manager were reviewed and risk assessed and as a result the following HR RoPs were completed:

HR01	Pre-employment Checks
HR05	Managing the Single Central Record

Future Meetings

My colleague, Lindsey Smith, will be in touch to arrange an appointment for the summer term. Lindsey specialises in GDPR compliance and will be able to provide you with advice and support in this area.
