Hello John,

No problem at all, I look forward to hearing from you with some dates.

Regarding the SAR request, I have copied in Victoria who would probably look after this from the DPE perspective. I think in the first instance it would be best to raise a ticket about the SAR with the details and log it on the DPE Knowledgebank in the Data Rights Log, that way it ensures that it can be directed to the right people within DPE and everyone in the team will have visibility of the details. It would be best to do this sooner rather than later given the timeliness that is required for SARs. I hope that helps.

Many thanks,

Tammy

Hi Tammy

Mark and I will sort some dates and get back to you.

Additionally, on Friday, I received a SAR which I think we will need a lot of advice and support with. It's a family with significant social care support and court interventions. The information requested would be huge (it involves four children over ten years) and the relationship between the school and the father, who made the SAR, is very difficult. I am also concerned that much of the content would have to be redacted for protection of the children's mother. How would you advise I best bring this to you? I have handled a few SARs, and we have not always got them right as you will see from our profile, so I do want this to be done properly.

Sorry to dump that onto the end of a more organisational request!

Best wishes,

John

Hi both,

Following on from James' email I wanted to follow up and try to book an introductory half an hour meeting with you. It would be a meeting whereby we could all introduce each other, I could learn more about where you are with

your data protection and we could work on a plan for the year ahead.

I am very aware that it is a busy time for schools, so would welcome you sending me dates and times that would be convenient for you and am currently booking from the week of the 17th October. My contact details are below, or you can reply to this email or add a ticket to the Knowledgebank - I look forward to hearing from you.

Many thanks,

Tammy Buchanan

Dear all,

Welcome back - I hope that you've had an enjoyable summer!

I'm writing to let you know that we've appointed a new school consultant, Tammy Buchanan to cover the South East and she will be looking after you from this point, whilst I spend more time on core-DPO functions and general business operations.

Tammy brings years of experience managing information technology for primary schools and a multi-academy trust and is a huge asset to Data Protection Education. She is cc'd in this email and will be in touch to arrange our programme for the year ahead shortly. If we have an existing appointment booked for this term, that appointment will still be valid.

If you have any questions, please do contact me or email at the usual address: dpo@dataprotection.education

Kind regards,

James
