To: Steve Parkinson &lt;sparkinson@thevalefederation.com&gt;, Maurice Williams &lt;mwilliams@thevalefederation.com&gt;

Cc: James England &lt;james.england@dataprotection.education&gt;, Victoria Hodgkinson &lt;victoria.hodkinson@dataprotection.education&gt;

Bcc: Tammy Buchanan &lt;tammy.buchanan@dataprotection.education&gt;

Hi Steve and Maurice,

I hope you have had a good weekend!

It was lovely to meet you both in person on Friday and get a good understanding of how the federation works. We enjoyed looking around your school and getting an understanding of the complexities of the general day to day, so thank you for taking the time to do that.

I have copied in Victoria Hodgkinson who is our full time solicitor who will help with the work in relation to Pace and have advised her that you will send the Pace agreement through for viewing.

The main three items covered that require further work were:

1. Agreement with Pace, the occupational therapist, needs to be viewed and rewritten taking into consideration the data sharing and confidentiality. The way in which Pace work within the Vale Federation needs to be reviewed, particularly around using Vale Federation email addresses. DPE will work with you to get this in place.
2. Third party suppliers due diligence - you have already sent your main list through and I will work on that with Victoria as part of the work we are already doing around this. If you could please send through the report you mentioned around Arbor being the DfE recommended MIS that would be most helpful.
3. We agreed there would be an annual report for Governors and then a half yearly one with an update. I would estimate the half yearly one to be around February and so will schedule some time in to work on that with Steve.

We also talked about use of the ICO Accountability Tracker and Checklists and in how providing that information and completing those checklists would improve the information in the reports. Please let me know if you need any help with this.

I returned the Information Security policy which you will review and come back to me.

I would also advise that we can provide help and advice around due diligence of converting to a MAT or schools converting to academies if required, but is definitely something that we should be aware of when it is happening given the data sharing needed.

While Victoria and James will work closely with you on the agreement with Pace, I think it might be useful for us to have a short catch up meeting in November online - would Tuesday 29th November at 10:30am for half an hour work for you?

Please let me know if you think I've missed anything that we discussed or if there is anything else you think we can help with.

Best Regards,

**Tammy Buchanan**
