Hello Faye,

I hope you are well and the academisation has gone well. I am just catching up with you to see if you know where you are yet with data protection and whether you would like a half an hour online meeting at all? Your SLA with us is still valid until July next year, so if there is anything we can do to help, please let us know. I have put a link below that will allow you to check my availability so you can book a date and a time that is convenient for you:

Hi Faye,

Thanks for letting me know - I hope it goes well. I know there is a lot of work and due diligence and can be a difficult time of change for some. I worked as an IT Manager in a Trust for a number of years so have helped a few schools through the process. I just wanted to make you aware that your SLA with us goes up until July next year so if there is anything we can do to help at all, then please do let me know.

I can see on the Greenshaw Learning Trust website that Judicium is named as the Trust's DPO, if you are able to put me in touch with whoever looks after data protection and GDPR in the central team in the Trust then I would be most grateful as we offer some slightly different services that may be of benefit.

Again I wish you well with the process and we are here to help.

Many thanks,

Tammy

Hi Tammy

We are converting to an academy from the 1st of October. So I am not sure at this moment what their procedures are for GDPR and if they have their own in house team for this.

When I know some more information I will let you know.

Kind regards,

Hi Nicola,

Following on from James' email I wanted to follow up and try to book an introductory half an hour meeting with you. It would be a meeting whereby we could all introduce each other, I could learn more about where you are with your data protection and we could work on a plan for the year ahead.

I am very aware that it is a busy time for schools, so would welcome you sending me dates and times that would be convenient for you and am currently booking from the week of the 17th October. My contact details are below, or you can reply to this email or add a ticket to the Knowledgebank - I look forward to hearing from you.

Many thanks,
