Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi both,

Thank you for your time today, it was good to see you both again. Please find below details of our meeting:

- You gave an update of training where you have assigned the Introduction to data protection and Data Breaches course for staff to do. You have given them a whole year to do this.
- You had some questions around requests and emails for a DfE trial and will send through some information.
- We discussed Risk Insurance as I asked this question in relation to RPA insurance and doing the NCSC recommended training. I will look into this more, however, please find below more information about the NCSC training and resources:

- **School resources:** <https://www.ncsc.gov.uk/section/education-skills/schools>
- **Governor Qs for schools:** <https://www.ncsc.gov.uk/information/school-governor-questions>

-Hangleton & Benfield information security is good with a daily backup, good data retention and a secure method for working from home for three members of staff.

- As there hasn't been a visit from DPE for a while we have booked a Making the Rounds for the 26th April - I will send an invite through to you shortly.

- Given where you are with everything, it may be worth you starting to look at the Best Practice Checklist to get a full overview of your data protection status. This can be found by going to the Knowledgebank -> Best Practice -> Best Practice Checklist. You will likely already know the answers and status of most of these questions. This will also give us a view on where we need to focus next.

I look forward to seeing you then, have a lovely Christmas.

Many thanks,

Tammy Buchanan
Data Protection Consultant
