Hi Marita,

Thank you for your email. No, a meeting was not booked with me and is something I would recommend as it can help prevent data breaches. I have put a link below where you can check my availability and book a date and time that is convenient to you:

<https://go.oncehub.com/DPETammyBuchanan>

Regarding the data breach that you mentioned I would recommend adding it onto the DPE Knowledgebank under Data Breaches, or email dpo@dataprotection.education as this will automatically raise a ticket for you on the Knowledgebank. It does not sound as though any further action is required apart from perhaps some staff training but it should still be logged on the system just in case anything further happens in the future. The team will take a look at it and advise if any further action is required.

I look forward to hearing from you.

Many thanks,

Tammy Buchanan
