Hi Caroline,

I have had a look and all looks OK, the section at the end looks fine although some thoughts:

- Governors are DBS checked which would involve sharing their information?

- The Sign In App - location of data is referring to where the data is stored in the cloud with the company that hosts it? Or if it is saved on the device? And you should name the company as who the information is shared with. I would also double check whether the sign in details really are deleted overnight? The required retention period of Visitor's books and signing in sheets is:

1.4.5	Visitor's Books and Signing in Sheets	Yes	Current year + 6 years then REVIEW	SECURE DISPOSAL
-------	---------------------------------------	-----	------------------------------------	-----------------

- Same as above for ScholarPack - if it is stored in the cloud then it is not internal it is shared with Scholar Pack (Mosaic), so those details are required (which relates to the supplier list that you sent me?).

Even if something is stored online it would have a physical location which is usually at a data centre owned by the company hosting it, but occasionally it is hosted outside of the UK so is always worth checking.

It can help to look at the Record of Processing on the Knowledgebank by choosing the generic processes.

You might get more ideas (because a lot is repeated) when you do the Pupil and Workforce privacy notices, particularly around any core systems that you use.

I hope that helps, and have a lovely weekend,

Many thanks,
Tammy

Here is my first privacy notice.

I've struggled with Appendix A, please can you let me know if I've got this correct.

I didn't realise that Scholarpack kept the information indefinitely, it seems that it is only deleted on our request so there is information on there for people that left before i joined here 14 years ago!

Scholarpack said I need to go in line with our LA's requirements so I've asked our HR for advice and will include this in the empty box once I hear back from them, informing Scholarpack to delete what isn't necessary at the same time.

Thanks.

Hello everyone,

Thank you for your time today. Please find attached a brief summary of our meeting along with some other useful links and information.

- I have added both Paul and Emma onto the Knowledgebank as administrators so they should have received a login.
- Kalina should contact you all to arrange dates for a demo of the Knowledgebank
- I have attached the following for you:
 - CSV template file for doing a bulk import of staff and governors
 - Template privacy notices
 - Template SAR and Data Breach procedures

This link will allow Caroline to check my availability and book a date and time that is convenient:
