Hi Kelly,

Thanks for your time today. It was very much appreciated. Please find below the information we discussed:

- **Knowledgebank** - the list of staff on the Knowledgebank is up to date. All leavers have been removed.
- **Training** - relevant training has been completed, including the NCSC training for both staff and governors
- **Third-Party (Supplier List)** - you are working on this list and we went through some examples. I advised to check the correct name of the supplier over the name of the software. There is some supplier information in the Knowledgebank under 'Third-Parties & Contracts' which could be used for help by selecting generic third-parties. We discussed the format of the list and I suggested either using the template table in our model privacy notice or creating a separate list with the data as rows: UPN, Child's name, address etc and then the supplier names across the top and ticking each relevant box as this has been very helpful for a lot of schools. Further information about due diligence can be found here: <https://dataprotection.education/best-practice-library/best-practice/due-diligence-best-practice-area> Further information is here: <https://dataprotection.education/best-practice-update/296-due-diligence-step-by-step>
- **Policies** - confirmed all the required policies are updated on the website and now use the South Farnham Trust template
- **Consent** - discussed sending a consent form to parents for marketing emails for clubs and local shows etc. - I will follow this up with other members of the DPE team and come back to you.

I have sent you an invite for Monday 6th February at 10:30am for a Making the Rounds in person visit to the school - I look forward to seeing you then. In the meantime, if you have any further queries then please either email me directly or raise a ticket on the Knowledgebank.

Many thanks,

Tammy Buchanan
