To: Phil Marshall <Phil.Marshall@edgbarrowschool.co.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi Phil,

Thank you for your time today. It was good to see you again. Please find below the information we discussed:

Making the Rounds - confirmation for Edgbarrow for March 15th at 13:30

Adding Staff to KB/Courses - we discussed the timeline for this. You raised the issue of broken links in the data protection training course which I have passed to James.

KB Demo/Questions - you had some questions around using the ROP and third parties. It looks as though you are not seeing the generic processes for the ROP which would save time when adding any for the Corvus Learning Trust. I have raised this with James to look at. We discussed use of the third-party supplier list may be more useful for the moment and you copied some of those generic processes. We agreed that you would also share the Corvus Learning Trust supplier list for me to check against any due diligence work that DPE is doing.

Policies - we discussed the data protection policy and privacy notices which are due for upload to the website. You mentioned the data retention policy, I checked ticket #5220 where Victoria asks for a copy of the policy. When you share everything with me I will pass that information onto Victoria. She also mentions CCTV in her reply, so will do the same when I receive that one.

ICO - reminder about informing the ICO that DPE are the DPO, you are working on this.

ICO Accountability Framework - I discussed how we use the ICO Accountability Framework and will share with you a spreadsheet. I have updated it with some of the information and tasks that I am aware have been completed or are being worked on, but there are others that you may wish to add that relate to internal tasks at the Corvus Learning Trust. I have also added two colour states which are green for done and yellow for in process, so it shows where the work is being done and makes it easier to see progress. However, please feel free to annotate/change as required or as suits. Given that this document can work towards Governor and Trustee reporting this is something we should also discuss next time.

I will shortly send through a meeting request for March 20th at 9:30 to discuss the Making the Rounds, the ICO Accountability Framework and Governance/Trustee structure.

I look forward to seeing you on the 15th March.

Many thanks,

Tammy Buchanan
