Hi Liz,

Thanks for your time today. It was good to meet you. Please find below the information discussed:

Policies - all up to date, SAR procedure implemented

Staff Training - staff are trained every two years with admin staff being trained annually. I have run the course report and it says staff have completed the GDPR Refresh course but can't see when. I am checking with someone about this. We would advise that further training is the NCSC training:

<https://dataprotection.education/courses-heading/ncsc-cyber-security-training-for-school-staff>

Questions for governors:: <https://www.ncsc.gov.uk/information/school-governor-questions>

We also discussed about the need for data protection training to be part of the staff onboarding process - a lot of schools link this with Safeguarding training as part of their onboarding process.

Here is the link about the new functionality for assigning courses to staff:

<https://dataprotection.education/news-top/news/165-using-the-knowledge-bank/291-assigning-users-to-courses>

FOI - I advised that we have received many freedom of information requests recently, so further help and advice on what they are about and how to answer them are here:

<https://dataprotection.education/news-top/news>

ROP/Third-Parties - we discussed the complexities of the ROP and how to work on the third-party supplier list. You will check your current list in the Knowledgebank and remove any required and then send me through the list. If you could also send me the associated software name (if there is one) that would also be helpful. I can then work on adding the most up to date information under St Joseph's in the Knowledgebank for the third-parties and the software. Ideas of other suppliers are:

- MIS Pupil database
- Safeguarding
- Payroll
- Finance
- Admin
- Visitor Entry
- Parent Comms
- Local Authority
- Parent Payments
- Curriculum apps
- Assessment
- Cool Milk
- Residentials

We agreed that our next meeting will be a Making the Rounds walk around on the 23rd March and have already sent you an invite. This will then be followed by an online follow up meeting to discuss the Making the Rounds and Information Security.

If you have any further queries, then please do not hesitate to contact me. Have a lovely weekend.

Many thanks,

Tammy Buchanan
Data Protection Consultant

BSc(Hons) Computer Science

ITIL 4 Service Management, NCFE Principles of Cyber Security
