To: Sarah Shaw <sarahshaw@hovejun.brighton-hove.sch.uk>, doreenmccorkell@westhove-inf.brighton-hove.sch.uk,

Judith Harland <judithharland@westhove-inf.brighton-hove.sch.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi all,

Thank you for your time today. It was good to meet you. Please find below the information we discussed at the meeting:

Knowledgebank - you advised that Judith and Doreen are new to the GDPR role and so I have sent an email to arrange a Knowledgebank demo.

Staff that have left should be removed from the Knowledgebank

New staff, not currently on the Knowledgebank, can be added using the attached .csv file. Please feel free to populate and send to me and I can add staff onto the system for you.

Adding staff to the Knowledgebank and then assigning the Introduction to Data Protection training to them should be part of the onboarding process.

Training - the ICO advises that staff undertake training at least every two years. When a report is run on the Knowledgebank it is not showing any training during this time period. We would advise that staff should have done the Introduction to Data Protection or the GDPR Refresh. As discussed, there are also shorter learning nuggets for staff. We would advise that staff that access more data and secure/special category data do more than the introductory ones. It is very important that all staff can recognise a data breach and then know what to do when there is one. Posters relating to this can be found here: <https://dataprotection.education/best-practice-library/documents/drip-feeds> and there is a Data Breach course: https://dataprotection.education/index.php?option=com_tjms&view=courses&courses_to_show=all&Itemid=1223

Once staff are on the KB it is very easy to assign courses to them and allow them X amount of months to do them : <https://dataprotection.education/news-top/news/165-using-the-knowledge-bank/291-assigning-users-to-courses> this might be easier for some staff rather than attending on an inset day.

It also helps to mention data protection at staff meetings.

Governors - advised finding a Governor to support with data protection. There are a number of questions that the NCSC advise Governors to ask/know the answers to: : <https://www.ncsc.gov.uk/information/school-governor-questions>

FOI - I advised that there have been a number of freedom of information requests sent out to schools recently. Advice on how to answer them are here: <https://dataprotection.education/news-top/news>

Policies will be discussed as part of the Federation work.

We can be contacted by emailing dpo@dataprotection.education. When you send an email to this address a support ticket is automatically raised for you and will go to the whole team. Any updates will be emailed to you. Alternatively, please feel free to contact me directly using any of the details below.

I will shortly send through the invite for the Making the Rounds visit that we planned for March, and look forward to seeing you then. If you have any further questions, please do not hesitate to contact me.

Many thanks,

Tammy Buchanan
Data Protection Consultant
