Hi both,

Thank you for your time today. It was good to see you again. Please find below the information that we discussed:

The meeting was set to discuss prep for the mid year report for the Vale Federation. Information from the Walk Around done in February 2022 will be used as although done before the May 2022 report, additional positive actions have been completed since the May report and should be taken into consideration.

Third-Parties Update - I have now added all of the Vale Federation third-parties and software as per the systems document sent through previously, apart from those going out of use at the end of March. Several third-party names as registered with the ICO are different and are noted below:

Evidence for Learning is registered as theteachercloud

Spiceworks is registered as Ziff Davis

Educare is registered as TES Global

We agreed that I will now go ahead and assign the ownership of the contracts and software to MW.

If you have any due diligence documentation please upload.

Anything that Victoria receives back I will upload.

I will check with James about the DPIA as an affirmation of any due diligence.

ICO Accountability - I showed you the ICO Accountability spreadsheet that I had started for the Vale Federation and we updated together. I will share once a SharePoint area is made available to me. I will use this to build the report on.

You will start updating the checklists for all areas in the KB.

You will send through the list of policies that Lucas checked.

You will provide information relating to your current cyber audit so that we can link it in with data protection.

I advised to document any cyber insurance.

Reminder to ensure that DPE are registered with the ICO as your DPO - the information you need to give the ICO is here:

<https://dataprotection.education/best-practice-update/110-make-sure-dpe-is-your-registered-dpo-with-the-ico>

I will work on the report and continue with any due diligence. Report due before 27th March for the governing board meeting but will get something to you before then.

The next date we will meet will be Friday 28th April at 10am and I will shortly send an invite through. In the meantime, if you do think we need a quick meeting to discuss the report, just let me know and I will arrange it.

Have a lovely weekend.

Many thanks,
