DPE Online Meeting: St Thomas More

1 message

Tammy Buchanan <tammy.buchanan@dataprotection.education>

30 January 2023 at 14:29

To: Paula Le Breton <lebrp001@st-thomasmore.medway.sch.uk>, Victoria Ebdon <lowdv001@st-thomasmore.medway.sch.uk>, fillc002@st-thomasmore.medway.sch.uk

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi all,

Thanks for your time today. It was good to see you all. Please find below the details of the meeting:

Knowledgebank:

Tammy to arrange demo of the KB for all on the call - email sent to Kalina to arrange

Tammy to add Victoria, Paula and Christine as users onto the KB - done

I have attached a csv template form for you to fill out for the rest of your staff which you can send back to me and I will upload for you. When you do this, I would advise that you email everyone to let them know about this so they will know to check for their login credentials. Staff do have a different view of the Knowledgebank compared to the admins.

During your demo Kalina will talk about how to assign courses to staff etc, please find the instructions here on how to do that (when you get to that part):

<https://dataprotection.education/news-top/news/165-using-the-knowledge-bank/291-assigning-users-to-courses>

Regarding training, the ICO recommends that all staff do data protection training at least every two years. We would recommend that those staff that have access to more data or special category data try to do training annually. As well as the Introduction to Data Protection Course, there are small learning nuggets (5-10 mins) that might be suitable. Training should be part of the staff onboarding process. Under Article 39 1 (b) the dpo has the following task:

awareness-raising and training of staff involved in processing operations, and the related audits;

Training can also be via posters around the school and we have number of these for you to

print: <https://dataprotection.education/best-practice-library/documents/drip-feeds>

Register DPE with the ICO: Please find below a link about how to register Data Protection Education as your Data Protection Office with the ICO:

<https://dataprotection.education/best-practice-update/110-make-sure-dpe-is-your-registered-dpo-with-the-ico>

Our contact information should be made available to staff and parents (via your website).

Policies - I advised that there are no data protection policies or privacy notices on your website. A data protection policy on the school website is an Ofsted requirement. We would recommend that you have privacy notices for parents and pupils and one for the workforce. (I received a copy of your data protection policy so will take a look).

This link will give you all of our template policies: <https://dataprotection.education/best-practice-library/best-practice/commitment-to-compliance> - this link provides everything you need to get started.

Although the documents below are not all statutory to have on your website, for transparency and ease of managing these documents, it is good practice to have a data protection section on your website and consider including the following documents:

Template Privacy Notices can be found here: [Privacy Notices](#)

Website documents:

- GDPR/data protection policy
- Privacy notice(s)
- SAR and data breach procedure
- FOI and publication scheme
- Supplier/third party list

Other useful documents to review and check that you have are:

- Work away from school policy
- Information Security/Passwords
- Review of consent documentation. Consent guidance and consent withdrawal can also be added to the GDPR section of the school website

Supplier Due Diligence - we touched on the need for supplier due diligence and the record of processing. You might like to publish a copy of this as an appendix to your privacy notice (we have an example table in our template). We can work on this more when we next speak, but please find further information here: <https://dataprotection.education/best-practice-library/best-practice/due-diligence-best-practice-area>

After James has completed the Making the Rounds we should have another online meeting to discuss the findings, anything from the demo or info above and start on supplier due diligence. Please use this link to check my availability and book in a date and time that suits you:

<https://go.oncehub.com/DPETammyBuchanan>

Any further questions, please do not hesitate to contact me or raise a ticket on the Knowledgebank.

Many thanks,

Tammy Buchanan
Data Protection Consultant

BSc(Hons) Computer Science

ITIL 4 Service Management, NCFE Principles of Cyber Security
