To: Sophie Thomas <sophiethomas@st-andrews.brighton-hove.sch.uk>, Leanne Phair <LeannePhair@st-andrews.brighton-hove.sch.uk>

Bcc: Tammy Buchanan <tammy.buchanan@dataprotection.education>

Hi both,

Thank you for your time today. It was lovely to meet you both. Please see below details of the meeting and some additional information:

Knowledgebank -

As Leanne is new to the role and new to the Knowledgebank I have added her onto the system as an administrator, so she should have received login credentials for that by now.

I will also send an email to arrange a demo of the Knowledgebank with Kalina.

Once you've had the demo I would recommend checking the user/staff list and remove anyone that has left and add on any new staff members. Information on how to assign courses to staff can be found here:

<https://dataprotection.education/news-top/news/165-using-the-knowledge-bank/291-assigning-users-to-courses>

The ICO recommend that data protection training is undertaken by staff at least every two years. We would also advise that any staff that have access to additional or special category data undertake extra training. There is a course on data breaches, so is one to consider.

Policies -

Your data protection policy and privacy notices are due to be reviewed in March, so please find below our templates should you need them, although some schools prefer to use the templates from their local authority:

Template policies: <https://dataprotection.education/best-practice-library/documents/procedures/8-data-protection-policy>

Privacy notices: <https://dataprotection.education/component/seoglossary/1-data-protection-education-definitions/privacy>

I would recommend the Commitment to Compliance Best Practice area for further information and further policies and procedures, such as the SAR and data breach procedures: <https://dataprotection.education/best-practice-library/best-practice/commitment-to-compliance>

Third-party suppliers -

We discussed documenting the third-party suppliers that the school shares pupil, parent and staff data with. This can also be documented in the privacy notice or in another area. Here is an example of one way a school does it:

[Trowse Primary School - GDPR](#)

Suppliers to think of are:

MIS(remember that ESS are the supplier and SIMS is the software)

Payroll

Finance,

HR

Cool Milk

Tapestry

TT Rockstars

Seesaw

Residentials

Next school

Local authority

DFE

Please feel free to send me the list through when complete and I will add it onto the Knowledgebank under your school.

Email -

We discussed use of email and minimising data breaches. There is an article here which might be helpful:

<https://dataprotection.education/infosec/89-emails-good-practice-and-minimising-the-risk-of-a-data-breach>

I have attached an infographic which may be useful for you to give to teaching staff. Putting up posters is also a way for training/data protection awareness:

<https://dataprotection.education/best-practice-library/documents/drip-feeds>

I advised it can be helpful to have a governor aligned to data protection.

We agreed that a Making the Rounds visit would be useful and have arranged this for the 20th April at 10am - I will send an invite through for that shortly.

I look forward to seeing you then. If you have any further queries, then please do not hesitate to contact me or email dpo@dataprotection.education which will raise a ticket for you on the Knowledgebank and a member of the team can help if I am busy.

I have a lovely weekend!

Many thanks,

Tammy Buchanan
Data Protection Consultant

BSc(Hons) Computer Science

ITIL 4 Service Management, NCFE Principles of Cyber Security
